Subject: Changes to the Recommended Budget

Each year, there are potential revisions to the City Manager's Recommended Budget for a) rebudgets of which the budget team was not previously informed b) additional staff budget recommendations c) amendments recommended and approved by the City Council and d) administrative corrections for interfund transfers. This memo provides a complete summary of the changes to the City Manager's Recommended Budget. As a reminder, rebudgets do not increase spending authority; rather, they transfer spending authority between periods.

I. General Fund

Changes primarily include amendments recommended and approved by the City Council and rebudgets. There is one additional staff budget recommendation due to an unanticipated staffing transition in Administrative Services.

Description	FY 17 Amount	FY 18 Amount	Justification
