Agenda Item: Original Ordinance - Public Hearing

Title: Original Ordinance No. 1955, Redesignating the Name of Ivinson Street (Redesignating as Ivinson Avenue).

Recommended Council MOTION:

Public hearing, no action can be taken.

Administrative or Policy Goal:

Rename Ivinson Street to Ivinson Avenue to restore the historic name of the thoroughfare.

Background:

Kim Viner, Historian for the Laramie Plains Museum, has made a request to rename Ivinson Street to Ivinson Avenue. On August 9, 2016 Mr. Viner submitted to the City a petition to the City signed by a majority of the property owners adjacent to Ivinson Street requesting the name be changed to Ivinson Avenue meeting the requirements of LMC Chapter 2.38. Presently the City recognizes the street as Ivinson Street.

In recent decades street signs were changed stating a name of Ivinson Street. Mr. Viner and staff could not find an information in City or County records indicating that it had been to Ivinson Street. Over the last year Mr. Viner has been working with staff in trying to determine when and how Ivinson Street became labeled as Ivinson Street. It has been concluded that the street name was accidentally changed and this Ordinance is required to rename it.

On September 20, 2016, the City Council approved this ordinance (8 yes, 0 no, 1 absent).

The Planning Commission heard this item on September 12, 2016. The Planning Commission recommend that the City Council approve the Amendment to the zoning map reflecting the name Ivinson Avenue (6 yes, 0 no, 1 absent).

The Planning Commission staff report is included. No changes have been made.

MEMORANDUM

Date: September 12, 2016
To: Planning Commission
From: Charles Bloom, AICP, Principal Planner
Subject: Renaming of Ivinson Street to Ivinson Avenue

Recommended Motion:

Move to recommend that the City Council **approve** the request to rename Ivinson Street to Ivinson Avenue.

Background:

Kim Viner, Historian for the Laramie Plains Museum, has made a request to rename Ivinson Street to Ivinson Avenue. On August 9, 2016 Mr. Viner submitted to the City a petition to the City signed by a majority of the property owners adjacent to Ivinson Street requesting the name be changed to Ivinson Avenue meeting the requirements of LMC Chapter 2.38. Presently the City recognizes the street as Ivinson Street.

History:

According to Kim Viner, discussion began on renaming Thornburgh Street to Ivinson Avenue in 1921. These finally gathered traction in 1928 when A. C. Jones, Vice President of First Interstate Bank, began to gather signatures to rename the Street to Ivinson Avenue. According to Viner, on January 21, 1928 an Ordinance was signed officially changing the street name to Ivinson Avenue shortly before Edward Ivinson passed away.

In recent decade street signs were changed stating a name of Ivinson Street. Mr. Viner and staff could not find an information in City or County records indicating that it had been to Ivinson Street. Over the last year Mr. Viner has been working with staff in trying to determine when and how Ivinson Street became labeled as Ivinson Street.

How did it Change?

The short answer is "on accident." Laramie Municipal Code § 12.12.010 "Street names" states that the streets of the city shall be designated and known by the names shown on the "zoning district map of the city of Laramie." Staff has narrowed down the date to the mid-1980s when the City Engineering Department was responsible for maintain the Official Zoning Map of the City. During that time the street was accidentally labeled as Ivinson Street on the map that was prepared in AutoCAD. Since the zoning map officially designates street names, the street has since been legally named Ivinson Street.

Cost:

Public Works Staff estimate that renaming of the street back to its correct name Ivinson Avenue will cost the City approximately \$2,500 in materials and labor. This includes the cost to manufacture new signs and staff time to install the new signage.

Findings of Fact and Conclusions of Law:

Findings of Fact:

- A majority of property owners abutting the street have signed the petition

Conclusions of Law:

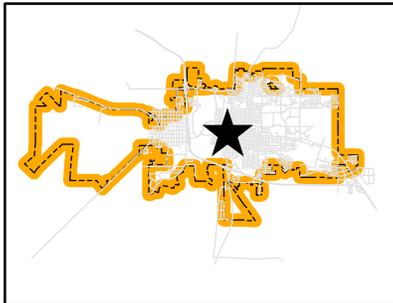

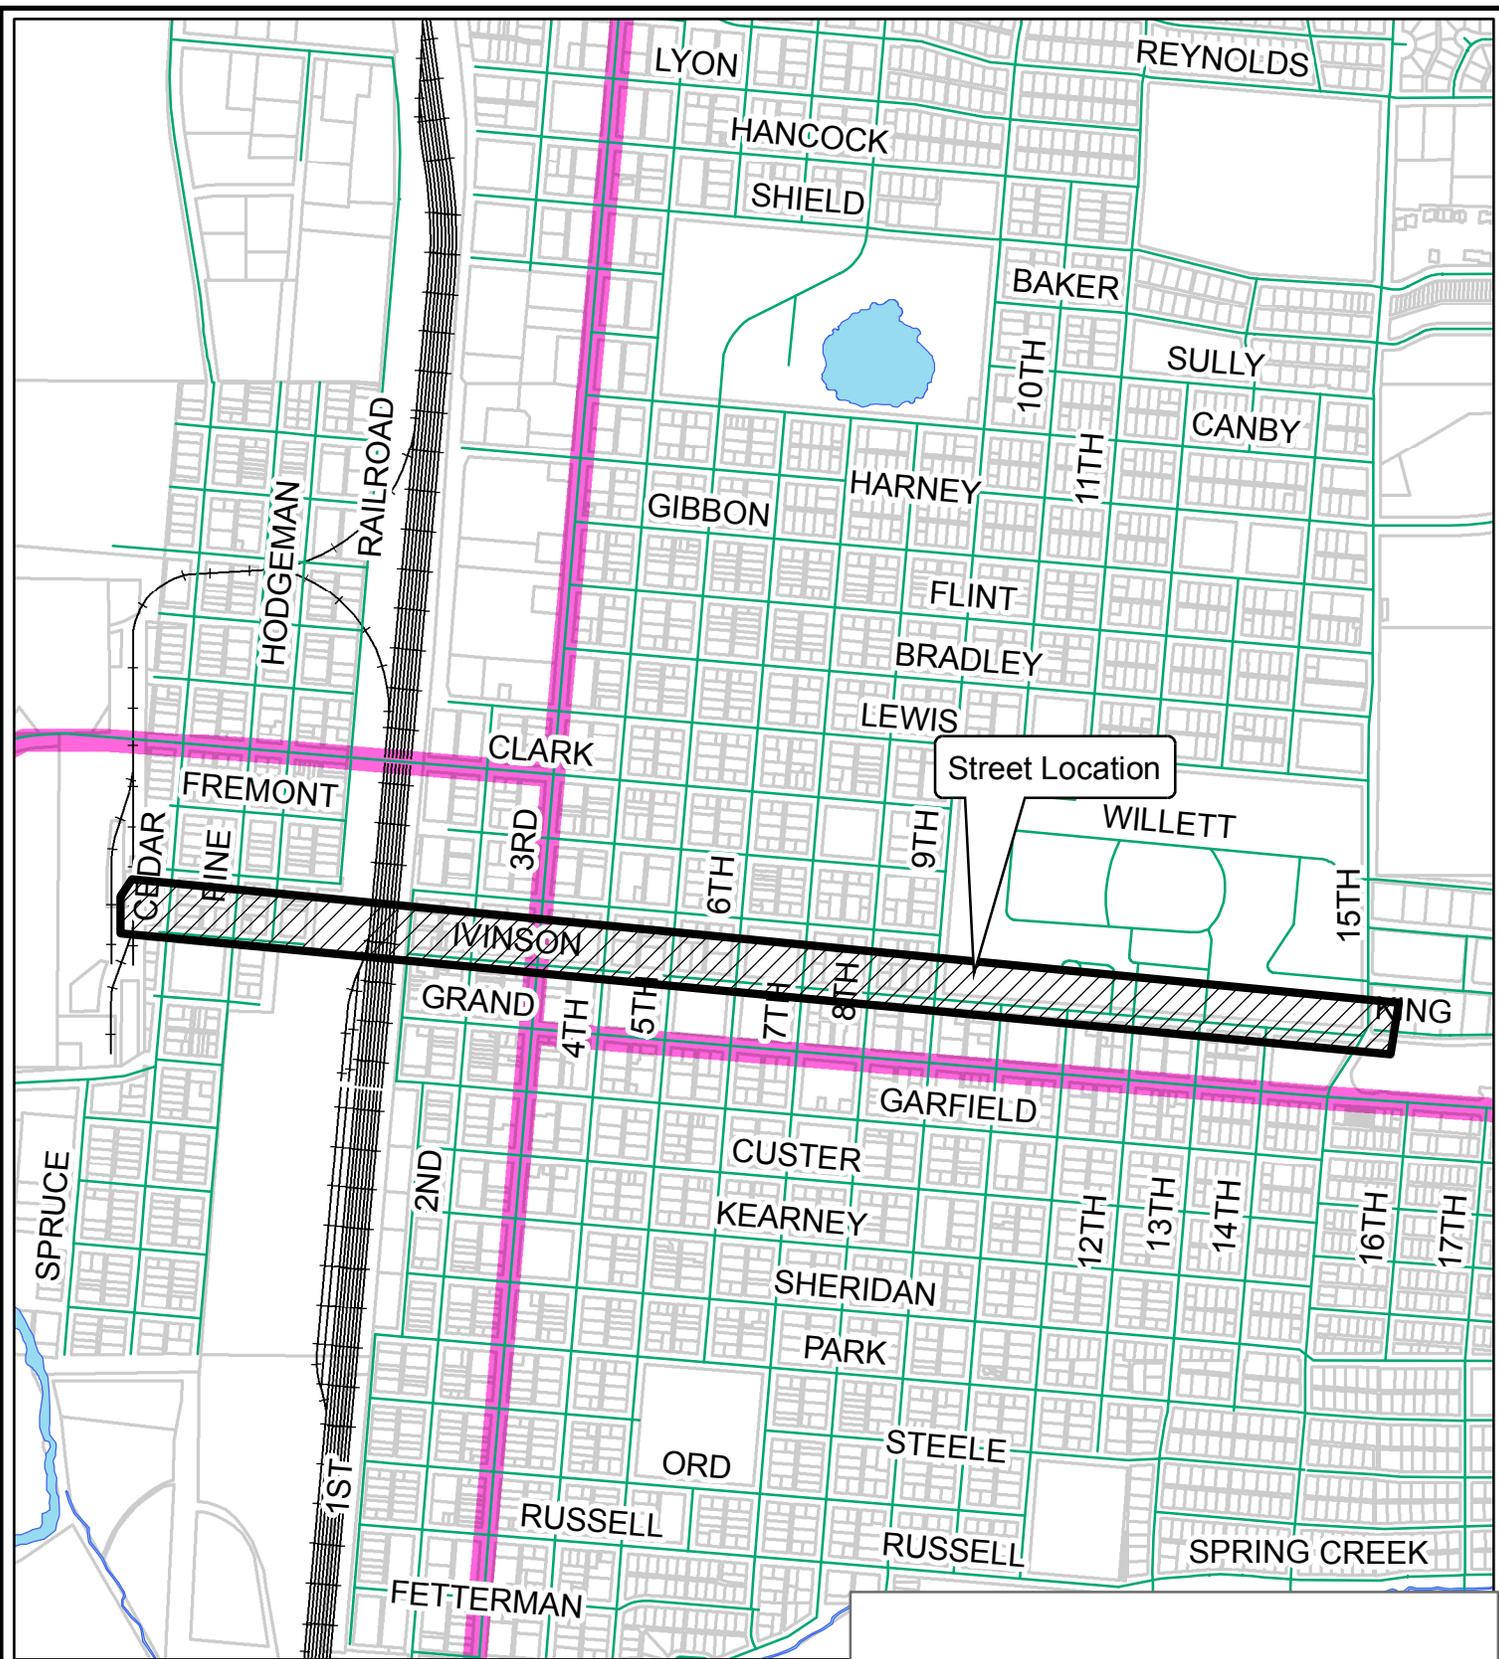

- The applicant is proceeding in accordance with the requirements of LMC 2.38.
- The redesignation of the following dedicated rights-of-way names will not abridge or destroy any of the rights and privileges of other proprietors in said plat,
- The redesignation is in the best interest of the City of Laramie, Wyoming.

Staff Recommendation:

Staff recommends that the Planning Commission **approve** the request to rename Ivinson Street to Ivinson Avenue.

IVINSON STREET OR IVINSON AVENUE?

Over the next two years the city of Laramie will reconstruct part of the street that runs through the heart of historical Laramie. It passes Laramie's oldest banking establishment, St. Matthew's Cathedral, city hall, the county courthouse, the Laramie Plains Museum and the University of Wyoming. The question arises, is it Ivinson Street or Ivinson Avenue?

After Grenville Dodge, chief civil engineer of the Union Pacific Railroad, laid out the city in July 1867, the streets in the town were given very simple names. Streets running north and south were numbered and streets running east and west were given letters for names. From Center Street they were South A, North A etc.

No changes were made until the University of Wyoming came along in 1886. Center Street was renamed University Avenue. In 1889 the remaining east-west streets were given the names that they bear today, with one exception.

That exception is the street that was renamed in 1889 from South A to Thornburgh Street (often misspelled Thornburg). It had been named for Major Thomas Thornburgh who was a unit commander at Fort Steele and was killed in a skirmish with the Ute tribe in 1879 in Colorado.

As early as 1921 it was suggested that the street be renamed to honor Laramie banker and philanthropist, Edward Ivinson. Ivinson had given money to the county to build a modern hospital, deeded his mansion to the Episcopal Church for use as a girls boarding school and donated the money to finish St Matthew's Cathedral.

Opposition arose from an unlikely source, Ivinson's neighbor Melville C. Brown. Brown lived on Thornburgh Street, opposite the Ivinson Mansion block. He was a longtime friend of the Ivinson family but was reported by the Laramie Republican newspaper as being opposed to the change. Brown stated that "General Thornburg" deserved the honor because of his long history in the state. Notably, Brown got Thornburgh's name, rank and importance to Wyoming wrong.

More likely Brown opposed the move because for nearly a decade he tried to get Ivinson to enter into a real estate deal that Brown felt would make him a lot of money. Ivinson did not sell, rather he gave the property to the local orphanage.

The 1921 attempt did not bear fruit, but in 1928, A. C. Jones, vice president of the First National Bank, tried again. Jones collected signatures from everyone who lived on the street and supported the change to Ivinson Avenue. He presented them to the city council. Local history says the only person who would not sign was M. C. Brown.

Despite Brown's opposition, Mayor Stephen Downey signed a city ordinance on 21 January, 1928 changing the name of the street to Ivinson Avenue. Ivinson died 10 weeks later.

But today the street signs read "Ivinson Street." How did the change come about? It seems that no one really knows. Maps produced by the Wyoming Highway Department (1977) the Laramie City Engineer (1982), and the University of Wyoming Architect (1983) all clearly label the street "Ivinson Avenue." Additionally, a photo taken of the corner of Second and Ivinson in 1982 shows a street sign titled "Ivinson Ave."

There are no city records showing that a name change to Ivinson Street was mandated by the city council. Consultations with the city planner yielded no existing records explaining the change. So we are left with the question unanswered. However, available evidence indicates that the name of the street should be Ivinson Avenue not Ivinson Street. Perhaps the reconstruction project would be a good time to change it back.

Paula:

Here is the follow-up pertaining to our discussion about Ivinson Avenue (or Street). Current city street signs show Ivinson Street. The story of why they should show Ivinson Avenue follows (some of this is taken from an article I wrote for the *Boomerang* which was published last month).

When the city was originally platted, the east-west streets were not given names; they were designated by letters. The middle street of the town was Center (some maps spelled it Centre) and south of there was South A, north was North A etc. Center was changed to University Avenue shortly after the U.W. was founded in 1886. On February 19, 1889, the editors at the *Boomerang* stated that the original 1868 east – west street names of A, B, C etc. and the north – south numbered streets were not becoming of a modern metropolis in the late 1800's. So, on that day the paper suggested an update was necessary.

THE STREET NAMES.

The New Nomenclature by Which the East and West Streets are Now Designated – A Suggestion.

One of the last and best acts of the late city administration was the changing of the names of those streets which run east and west. The streets now bear appropriate names and the system is one that the citizens of Laramie can easily familiarize themselves with. The only east and west street the name of which was not changed is University avenue. Running south from that thoroughfare the streets are now known as follows:

NEW NAME.	OLD NAME.
Thornburgh	South A
Grand Avenue	South B
Garfield	South C
Custer	South D
Kearney	South E
Sheridan	South F
Park Avenue	South G
Steele	South H
Ord	South I
Russell	South J
Fetterman	South K
Sanders	South L
Palmer	South M
Mizner	South N

North of University avenue the streets are as follows:

NEW NAME.	OLD NAME.
Fremont	North A
Clarke	North B
Lewis	North C
Bradley	North D
Flint	North E
Gibbon	North F
Harney	North G
Canby	North H
Sully	North I
Baker	North J
Shields	North K
Hancock	North L
Lyon	North M
Reynolds	North N
Curtis	North O
Mitchell	North P

The paper proposed that the streets should be renamed for early settlers or well-known locations. Names such as Trabing, Hutton, Holliday and Fillmore and famous sites such as Yellowstone were initially suggested.

Within a week, however, the *Boomerang* published another article that offered a different suggestion. This one came from local businessman W.H. Root. He suggested to the paper that the streets be named after “well known military officers who have served in this vicinity.” The *Boomerang’s* suggestion, with Root’s modification, took hold and soon the Laramie city council appointed a three person committee to study the proposal.

On March 15, 1889, they reported to the council a list of names that should be considered and the recommendation that the numbered streets not be changed. For the east – west streets they chose mostly military officers and some pioneers. Over the next week, the list was changed. The proposed Bonneville Street was changed to Grand Avenue and proposed Bridger Street was changed to Sheridan Street. On 21 March the *Boomerang* listed the names for all the streets that were to be voted upon by the city council.

The list was adopted by city ordinance on May 8, 1889, and the formal list published by the paper on May 14 (shown left). The paper praised the actions of the council noting it was one of the last acts of the outgoing administration following the election of new council members on April 2, 1889 (who took office in June).

There was confusion over the changes. In early June, new mayor Augustus Trabing asked at a council meeting if the change had been approved. He said that several local residents were not sure of the name of the street in front of their houses. Councilman Hicks assured the mayor that the changes were official and

lamented that people would know that if they simply read the paper. To rectify the situation, H. D. Beemer was hired to paint street signs that were placed where the newly named streets intersected Second Street.

The new street names north of University to Mitchell have remained the same as they were adopted in 1889. Two changes happened south of University. Mizner Street was never built and the name not used. Thornburgh would eventually be renamed.

Thornburgh was used for several years after 1889. An 1894 map online at the state archives shows the route as "Thornburgh St" in original typeset (not added later). That verified the 1889 change from South A.¹

Thornburgh was an interesting selection. He was an Army officer who had been commander of Fort Steele and was killed in a skirmish with Ute Indians in Colorado in 1879. Oddly, he had nothing really to do with Laramie and he was buried in Omaha, Nebraska, and was reburied in Arlington National Cemetery at a later date! Why the citizens of Laramie decided to name a street after him was strange.

The street (often misspelled Thornburg in the papers) retained the name until 1928. Just after the New Year, A.C. Jones, the vice president of the First National Bank and a longtime friend of Edward Ivinson, circulated a petition asking citizens of Thornburgh Street to support his call to the city council to rename the thoroughfare "Ivinson Avenue." Local newspapers reported on 4 January 1928 that out of 40 property owners on the street only three or four did not sign the petition (legend has it that prominent resident Melville C Brown would not sign – he lived across the street from the Ivinson mansion). The paper also reported that the city council voted five to zero on the 3rd to direct the city attorney to draft an ordinance to change the name of Thornburgh Street to Ivinson Avenue.

On the 18th, papers reported that the city council passed the ordinance renaming the street Ivinson Avenue. Mayor Downey was out of the city on that day but signed the ordinance on 21 January 1928. The paper put it this way:

Mayor S.C. Downey, who returned last night from Denver, today signed the ordinance, passed unanimously by the city council Tuesday, in his absence, changing in the name of Thornburg (sic) street (sic) to Ivinson avenue (sic).....The ordinance changing the name of the street to Ivinson avenue (sic) is in honor of Edward Ivinson the oldest citizen of Laramie and its first banker. For a long time he was president of the First National Bank.

So, as of that date the official name was Ivinson Avenue.

Because street signs show "Ivinson Street" and the evidence seemed to indicate "Ivinson Avenue," I called the Albany County Geographical Information Systems team and asked them what they used to denote the street. They replied (and their online maps state), Ivinson Avenue.² Then I called the city manager's office and asked what they called the street (mentioning that there may be a discrepancy). They directed me to the city street department. They had access to an 1885 map done up by the (then) city engineer (also online at the state archives), that showed BOTH "S A" and Ivinson St. for the same street but in different fonts. This obviously meant that someone had gone back and added "Ivinson St" to the original map. So that was not much help, but may explain where the confusion originated.

¹ It can be seen at <http://wyoarchives.state.wy.us/Archives/Maps.aspx> as can the 1884 map and 1940 map referenced below.

² Their maps can be seen at <http://www.co.albany.wy.us/gis.aspx>

They then directed me to the City Planner's office. I talked to both the planners in the office on that day and subsequently exchanged several emails with Mr. Bloom. I recapped the whole story. They checked all the older street maps that they had and could not tell me why someone put up "Iverson Street" street signs. We all agreed that it would cost a bunch of money to change them and that it was unlikely that it would ever be done. Finally, I wondered aloud if someone had just made a mistake and they agreed that was a possibility.

Mr. Bloom queried Harold Colby (former street division manager) and he recalled that at one point in the 70's the businesses on the western end of Iverson asked that it be changed from "Street to Avenue" to make it more appealing. I believe Mr. Colby may have the story correct but the order reversed as the city definitely changed it to Avenue in 1928.

Here are images which show that the city still called it Iverson Ave through 1985:

These three images are from the official city map of 1947 showing it as Iverson Ave. I could not place the entire avenue in a readable form in one image. So the two on the left are separate portions of the same map. One can clearly see though that Iverson was "Ave" as it ran past the U.W. Campus.

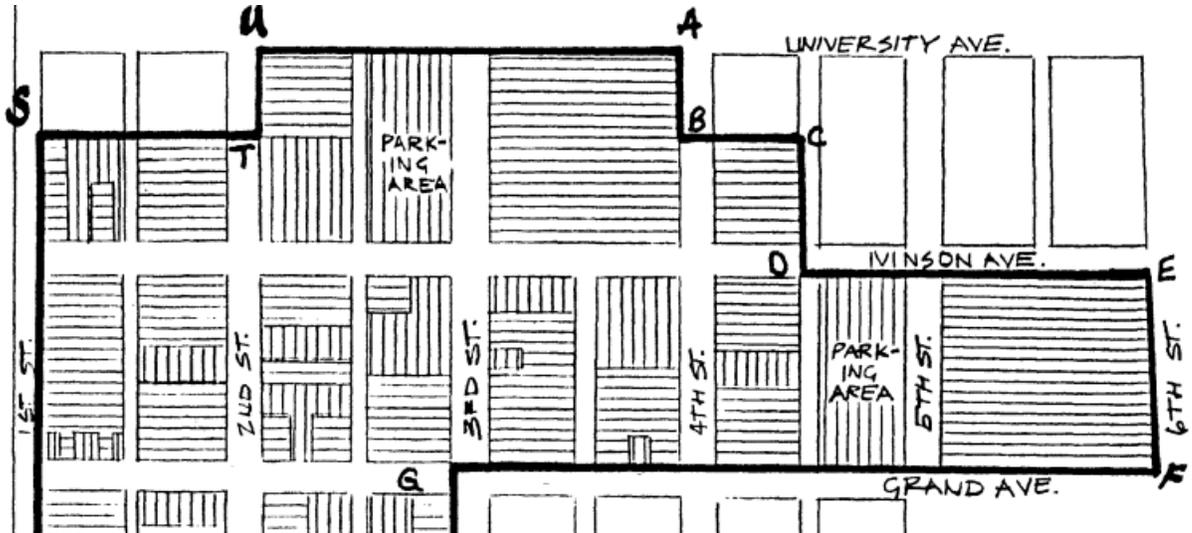

The image below was included for the 1988 submission for the Laramie Historic Downtown District. This photo was taken in 1985. So, here is another clue that the name was never officially changed to Iverson Street. Of note, is that the submission called it either Avenue or Street in different parts of the document.

Finally a couple of other facts: the U.S. Postal Service calls the lane in question, "Iverson Street." On the other hand, the letters stamped into the concrete of the curb and gutter along the street say "AVE" not street. I am not sure when those were installed, but I do know that the ones by our house (corner 12th and Steele) were done before 1954. Additionally, a hand drawn map of downtown Laramie

by "Cash" Carroll done in 1949 (he was a property appraiser and real estate agent) and held in the Laramie Plains Museum's collection lists it as Ivenson (sic) Avenue. Finally, the National Register of Historic Places 1988 submission (approved 11/10/88) for the Laramie Downtown Historic District also has a map that shows the street as "Iverson Ave."

Taken in aggregate, I am very confident that the street in question should still be officially Iverson Avenue.

CITY OF LARAMIE COUNCIL REGULAR MEETING October 4, 2016

Agenda Item: Grant

Title: Consideration to accept a grant award from the State of Wyoming Office of Homeland Security (WOHS) for Law Enforcement Terrorism Prevention Activities (LETPA) in the amount of \$45,000.00

Recommended Council MOTION:

I move that Council accept a grant award from the State of Wyoming Office of Homeland Security (WOHS) for Law Enforcement Terrorism Prevention Activities (LETPA) in the amount of \$45,000.00 (CFDA #97.067) and authorize the City Manager and Chief of Police to sign the grant award agreement between the Laramie Police Department and the Wyoming Office of Homeland Security.

Administrative or Policy Goal:

The Police Department has been awarded a Law Enforcement Terrorism Prevention Activities grant through the Wyoming Office of Homeland Security for \$45,000.00. This is the yearly award of this type and requires no matching funds. The grant is a reimbursement fund to be used by law enforcement for equipment needs and critical infrastructure protection in the prevention, detection and response to terrorist events as per the WOHS FY 2013 statewide initiatives and core capabilities (Prevention, Protection, Mitigation, Response, and recovery) of emergency response to terroristic events.

The grant for 2016 differs from previous awards, which were essentially a direct distribution to all Wyoming law enforcement entities. This year was a competitive process in which a project plan and budget were submitted to the Wyoming Office of Homeland Security. Our project plan and budget was for replacement of portable radios. Our current radios were purchased in 2004 and 2005 and are at end of their functional life. In 2015 we submitted a request of over \$268,000.00 which would have replaced all LPD portable radios. We received \$134,350 in 2015 and replaced 38 radios. This grant award will allow us to replace the remaining portable radios that we have.

6. **Purpose of Grant Award:** The FY 2016 HSGP plays an important role in the implementation of the National Preparedness System by supporting the building, sustainment, and delivery of core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. The FY 2016 HSGP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs.

The National Preparedness System is the instrument the Nation employs to build, sustain, and deliver core capabilities in order to achieve the Goal of a secure and resilient Nation. Complex and far-reaching threats and hazards require a collaborative and whole community approach to national preparedness that engages individuals, families, communities, private and nonprofit sectors, faith-based organizations, and all levels of government. The guidance, programs, processes, and systems that support each component of the National Preparedness System allows for the integration of preparedness efforts that build, sustain, and deliver core capabilities and achieve the desired outcomes identified in the Goal. The purpose of the HSGP is to prevent terrorism and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States; therefore, HSGP funded investments must have a terrorism-nexus.

To evaluate National progress in building, sustaining, and delivering the core capabilities outlined in the Goal, FEMA annually publishes the National Preparedness Report (NPR). Looking across all thirty one (31) core capabilities outlined in the Goal, the NPR provides a National perspective on critical preparedness trends for whole community partners to use to inform program priorities, allocate resources, and communicate with stakeholders about issues of shared concern.

Grantees are expected to consider National areas for improvement identified in the 2015 NPR, which include cybersecurity, housing, enhancing the resilience of infrastructure systems, and long-term vulnerability reduction. Addressing these areas for improvement will enhance preparedness nationwide.

In addition, the DHS expects grantees to prioritize grant funding to address gaps identified through the annual State Preparedness Report (SPR) in achieving capability targets set through the annual Threat and Hazard Identification and Risk Assessment (THIRA). These assessments identify the jurisdictions' capability targets and current ability to meet those targets.

A. Project related expenditures must align with the approved application information contained in Attachment A.

Agenda Item: Memorandum of Understanding

Title: Consideration to enter into a memorandum of understanding with the Laramie Town & Gown Association

Recommended Council MOTION: I move that Council approve the memorandum of understanding between the City and the University of Wyoming, Laramie County Community College, Wyoming Technical Institute, Albany County, and the Prevention Management Organization, for the purposes stated in the MOU, and to appoint a Councilmember as a liaison to the Laramie Town & Gown Association for the remainder of the 2016 calendar year, and thereafter include appointment of a Councilmember when those appointments are made by Council, and authorize the Mayor to sign the MOU.

Administrative or Policy Goal:

To foster collaboration, cooperation, and open dialog as a means of addressing challenges, emerging issues, and opportunities between and amongst institutions of higher learning, governing bodies, and the community at large.

Background:

The City has been interested in Town & Gown issues for several years. About a year ago, the local Prevention Management Organization (PMO) brought together stakeholders from the City, County, UW, LCCC, and WTI, and discussions were held about how we could all address common interests regarding off-campus housing, public safety, community/neighborhood relations, and community wellness. Each entity has had consistent attendance at monthly meetings and it was felt that some level of formalized relationships would strengthen the commitment to continue to discuss these issues and find solutions collectively as possible. The MOU does not commit any of the entities to anything beyond the rotational payment of dues to the International Town & Gown Association, which provides information and resources for addressing the identified common issues within the MOU. The PMO has committed to paying the dues during year one of this venture.

Currently, Councilor Andrea Summerville and Chief Dale A. Stalder represent the City at LTGA meetings, but as necessary other City staff may be called upon to attend.

Agenda Item: Resolution

Title: Resolution 2016-____, supporting the development of a full pipe addition at the LaBonte Skate Park.

Recommended Council MOTION:

“I move that council approve Resolution 2016-____ supporting the development of a full pipe addition at the LaBonte Skate Park and authorize the Mayor and Clerk to sign.”

Administrative or Policy Goal:

Strengthen relationships with other community partners.
Preserve park land, open space and public trails for future generations.
Continue public relations outreach to engage resident in municipal government.

Background:

The Friends of the Skate Park (FSP), a division of the Friends of Community Recreation, has approached the Parks & Recreation Department with the concept to develop a full pipe addition at the LaBonte Skate Park. The FSP has been deeply involved with the LaBonte Skate Park assisting with maintenance, observation and reporting of misuse, repairs, painting and the development of an expansion plan.

The FSP presented the concept of the full pipe addition at the September 14, 2016 regular meeting of the Parks, Tree & Recreation Advisory Board. The board was in unanimous support of a resolution supporting the concept and the development of an ancillary Memorandum of Understanding outlining the responsibilities of the FSP and the City related to funding, design, engineering and construction upon approval of the resolution by City Council.

The development of the full pipe would fit well with the overall expansion plan. The FSP has provided two 3D renderings of how the full pipe concept would possibly look upon completion. Some of the materials and means of construction have already been secured by FSP through donations from various local businesses.

The Parks & Recreation Department and the Parks, Tree & Recreation Advisory Board support the concept and recommend approval.

FILE: TA-16-06 Amending the Use Table for “Automobile Service stations (Minor repairs included)” and “Vehicle/equipment sales and rentals (other than motor vehicles)”

REQUEST: An amendment to Chapter 15.10 of the Unified Development Code to allow for “Automobile Service stations (Minor repairs included)” and “Vehicle/equipment sales and rentals (other than motor vehicles)” as permitted uses in the Downtown Commercial (DC) Zone District.

APPLICANT: Andrew and Joy Thompson (E&D Enterprises, LLC)

PURPOSE: To allow for development of an “Automobile Service stations (Minor repairs included)” or “Vehicle/equipment sales and rentals (other than motor vehicles)” at 269 3rd Street. (Former Wojtek Distillery)

PREPARED BY: Charles W. Bloom, AICP, Principal Planner

RECOMMENDED MOTION:

Move to recommend that the Council **approve** amendments to Title 15 (Unified Development Code) of the Laramie Municipal Code for the purposes of allowing “Automobile Service stations (Minor repairs included)” and “Vehicle/equipment sales and rentals (other than motor vehicles) as Conditional Uses in the DC Zone District.

APPLICABLE CODE SECTION(S):

Text Amendments must be reviewed by the Planning Commission and City Council. Planning Commission action is forwarded to the City Council as a recommendation.

- Laramie Municipal Code Title 15, Unified Development Code
- Wyoming State Statutes Title 15 Cities and Towns, Article 5 Planning
- Wyoming State Statutes Title 15 Cities and Towns, Article 6 Zoning
- Laramie Comprehensive Plan

BACKGROUND AND SUMMARY:

The present amendment is initiated by E&D Enterprises, LLC who own a property in the Downtown Commercial (DC) District at the southeast corner of Third and Clark. Most recently their property was used as Wojtek Distillery and Tasting Room which was approved as a conditional use (CUP-14-13) in 2014. The applicant contacted City staff on August 3rd after learning that “Automobile Service

stations (Minor repairs included)” were not a permissible use in the DC District. The requested amendment is to allow the prior use of the building and future minor automobile repair facilities as permitted uses in the Downtown Commercial District. Any approval would apply to the entirety of the DC Zone District (DC Zone District Map is attached).

In conjunction with creation of the Unified Development Code, several uses were excluded from the DC Zone District. Uses removed generally were auto-oriented and included automobile repair shops, service stations, drive through facilities (restaurants and financial institutions) and auto dealerships. After adoption of the Unified Development Code in 2010, City staff rezoned several blocks in accordance with applicable notice requirements which included public notice and mailings to property owners. In addition to the required notice, staff held a series of public meetings and worked with local news outlets to raise public awareness. The [Table of Allowed Uses \(LMC 15.10.000.E\)](#) details what is permissible in the DC Zone District.

“Automobile Service stations (Minor repairs included)” includes minor vehicle repair such as brake repair, tire shops and oil change facilities. Typically vehicles are dropped off for a limited period of time and are stored in an operable condition for periods less than 24 hours. “Vehicle/equipment sales and rentals (other than motor vehicles)” includes sale and rental of motorcycles and ATVs and limited repair to those vehicles. Not included in this amendment are “Major Vehicle/equipment repair” which includes auto body repair, paint shops, and major repair shops where vehicles are typically stored in an inoperable or unlicensed condition for extended periods of time.

Relationship to Comprehensive Plan

[Chapter 3 \(Community Character\)](#) of the Comprehensive Plan evaluates the existing land use of the City and provides guidance for future development and redevelopment of the City. The section “Downtown Success and Economic Sustainability” outlines the community’s vision of the downtown. Overall, citizens recognize the downtown as an important element of downtown and have established the following priorities: to enhance aesthetics, attract retail anchors, preserve local business, strengthen its ties to the University and other areas of the community, improve access and parking, provide for a mix of commercial and residential uses and to require that new development honor the building form of downtown. A priority identified in the plan was to create a pedestrian-scale Downtown streetscape that contributes to the enclosure of space reminiscent of an urban environment (2007 Laramie Comprehensive Plan p 3-10).

Downtown Laramie is shown as Urban Commercial in the Future Land Use Plan. The Urban Commercial category is classified as “an urban character as a result of its high floor-to-site area ratios (multiple stories) with zero setbacks along the street front, uses that are common of today’s downtown environments, and a mixed pedestrian and vehicular orientation. Increased population, a residential component, infill, redevelopment, appropriately scaled streetscape improvements, kiosks, awnings or canopies, projecting business signs, public plazas and gathering areas, and employment in these areas can further enhance the Urban Commercial classification” (2007 Laramie Comprehensive Plan p 3-21).

Relationship to Downtown Plan

The [Downtown Plan](#) was completed in November 2011 by Arnett Muldrow and Associates in partnership with the Orion Planning Group and Mahan Rykiel Associates Community Design Solutions. The plan's intent was to encourage revitalization and to promote continued growth in Downtown. The plan evaluated the physical conditions of downtown, the opportunities to better market downtown as a destination, and the tools necessary to entice investment in downtown.

Recommendations of the plan included consistent application of development standards in the Downtown Commercial Zone District. In addition, the plan included the following recommendation: "Amend Unified Development Code: The 2010 Code dedicates an entire zoning category for downtown, the Downtown Commercial (DC) District. It includes district-specific standards and is listed in Table 15.10-1, Table of Allowed Uses. Recommendations related to the Code are:

- Expand language supporting mixed-use development. By doing so, a number of action statements and goals of the Laramie Comprehensive Plan will be addressed, including support for development that increases walkability, offering a variety of housing types, promoting infill options, and increasing population and employment in the downtown area.
- Allow More Uses: Consider amending the uses found in the DC District to allow more uses that generate foot traffic and activity. Examples include community centers, child care facilities, and community gardens, all of which are currently permitted as conditional uses.
- Sign Section: Refine the sign section for downtown signs to address issues that have been identified by the City.
- Adjust Parking Standards. Investigate and where necessary adjust parking standards that will encourage downtown residential uses, particularly housing that is incorporated into mixed use developments." (2011 Downtown Development Plan section 5.2.8 p 68)

In addition, the Chapter 6.0 (Implementation Strategy and Action Plan) promotes development that:

- Increases walkability, offering a variety of housing types, promoting infill options, and increasing population and employment in the downtown area.
- Consider amending the uses found in the DC District to allow more uses that generate foot traffic and activity. Examples include community centers, child care facilities, and community gardens, all of which are currently permitted as conditional uses.
- Refine the sign section for downtown signs to address issues that have been identified by the City.
- Investigate and where necessary adjust parking standards that will encourage downtown residential uses, particularly housing that is incorporated into mixed use developments." (2011 Downtown Development Plan Chapter 6.0 p 69)

Discussion:

All of the adopted plans for the City recognize the Downtown as an important asset to the community. Neither of the plans specifically prohibit "Automobile Service stations (Minor repairs included)" or "Vehicle/equipment sales and rentals (other than motor vehicles) in the Downtown District; however business that increase employment, promote activity, walkability and an active streetscape are encouraged.

Allowing the above mentioned uses could meet the goals of the Comprehensive Plan and the Downtown Development Plan provided they encompass the pedestrian scale and urban form

envisioned in the plans. In addition expanding the use spectrum conforms to the Downtown Plan's goal of allowing additional uses in the Downtown.

Staff believes that the proposed uses could be accommodated in the DC Zone District provided they meet code requirements and the vision of applicable plans. The applicant's requested amendment is to simply allow for an administrative review of a development application. Staff believes that a more public and detailed review is necessary. This can best be accomplished via the Conditional Use Permit process. Conditional Use Permit review would allow for a case-by-case review where each property can be reviewed in the context of its individual surroundings.

In the specific case of the applicant, they are requesting that a tire shop be allowed to relocate into an existing building. Through the Conditional Use Permit review process, staff and the Planning Commission could review the development for conformance with code requirements and applicable elements of relevant plans. In addition, the review could look at the developments relationship to adjacent properties and evaluate existing and proposed access points. Improvements to an existing site that could make it more compatible with the Downtown would include pedestrian amenities, increased landscaping and screening of internal parking lots or service areas.

PUBLIC COMMENTS:

This amendment was legally advertised in the Laramie Boomerang on August 7, 2016. Staff has received no comments regarding this proposed amendment to the UDC.

FINDINGS OF FACT:

The amendment is found to be in accordance with substantive and procedural requirements and necessities in City of Laramie code.

CONCLUSIONS OF LAW:

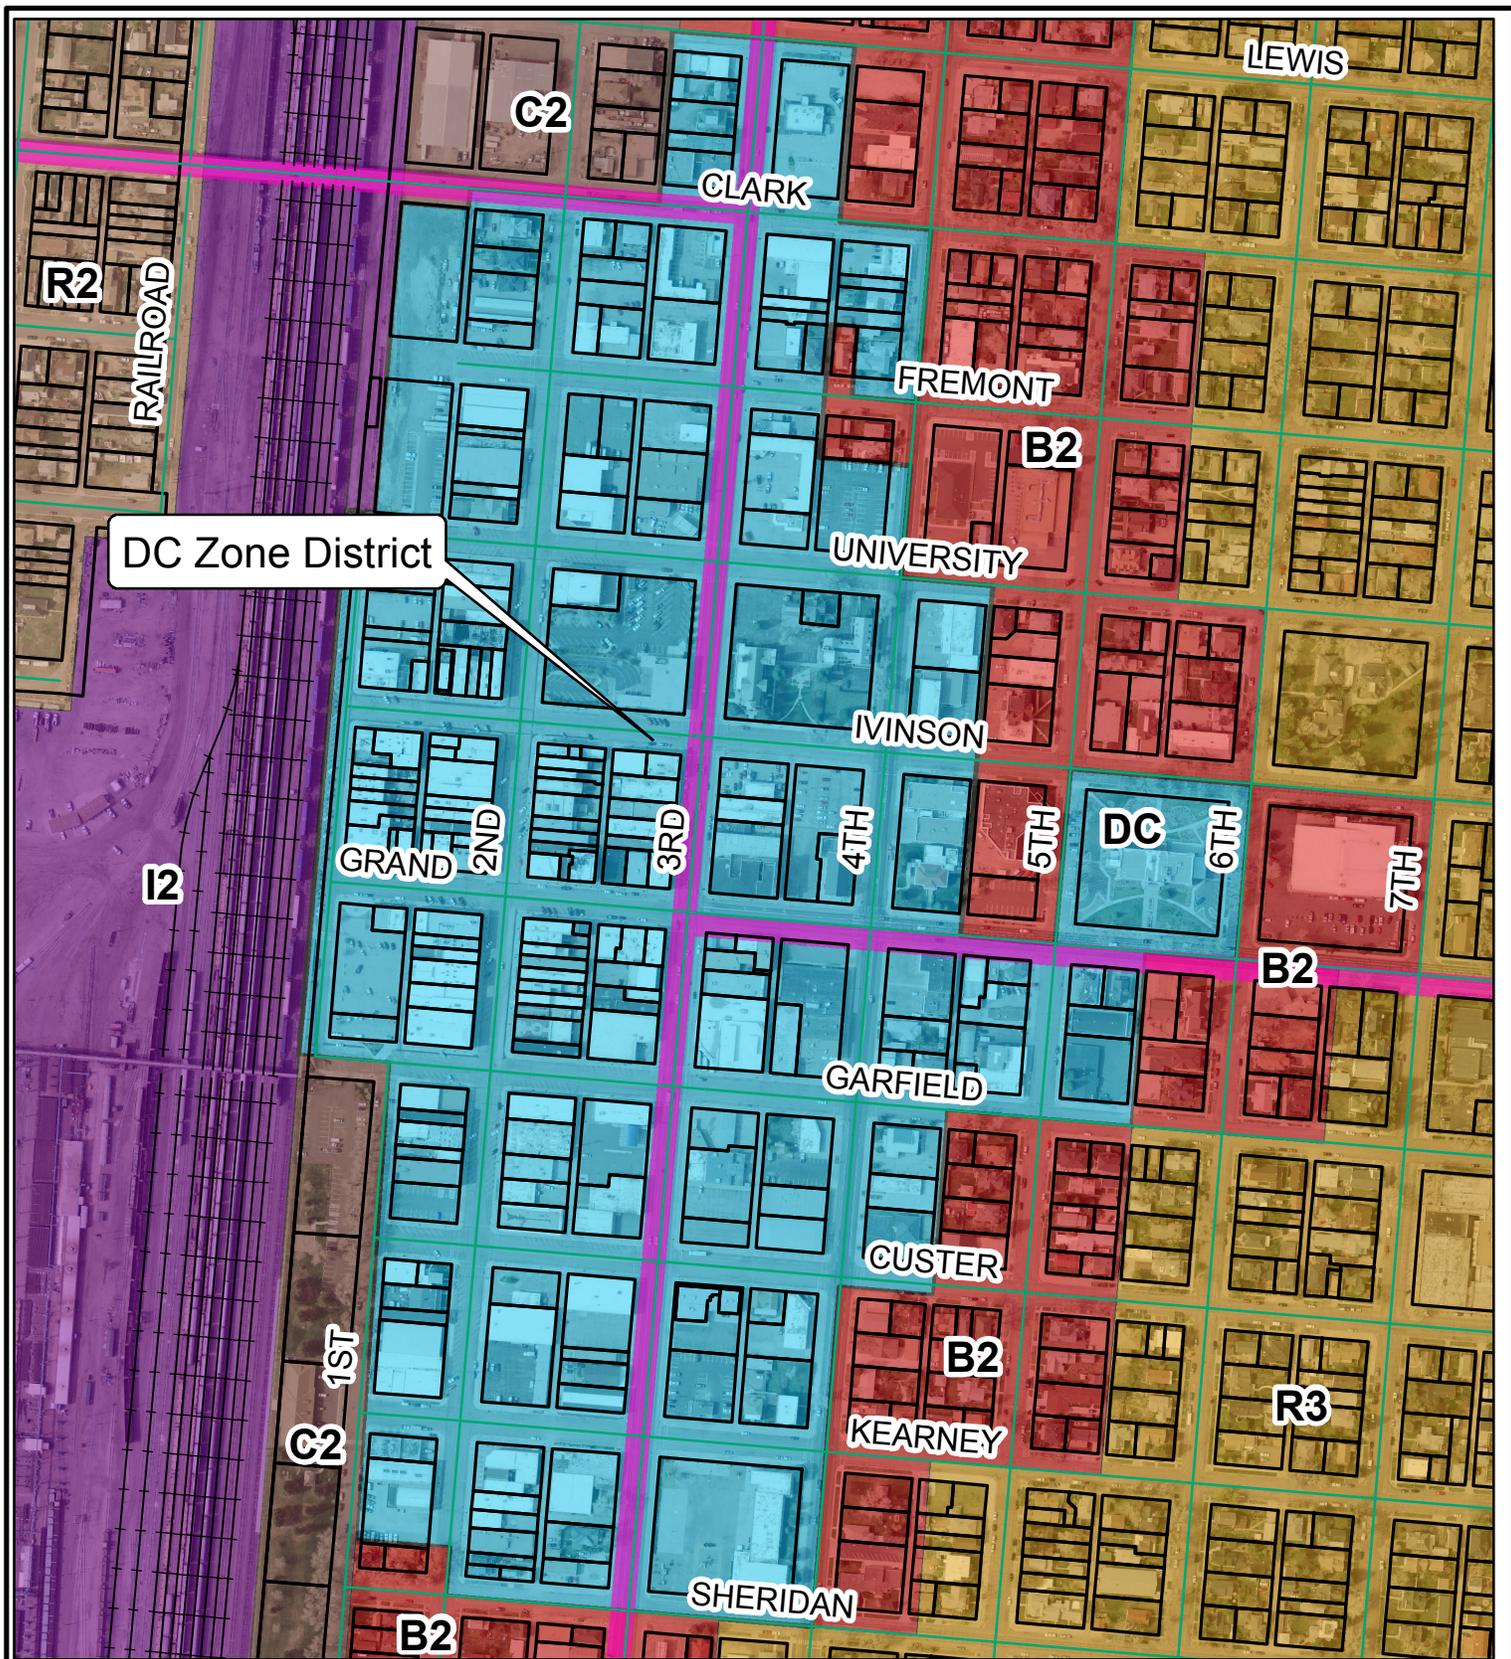

The amendment is proceeding in accordance with applicable law, including LMC Title 15.

STAFF RECOMMENDATION:

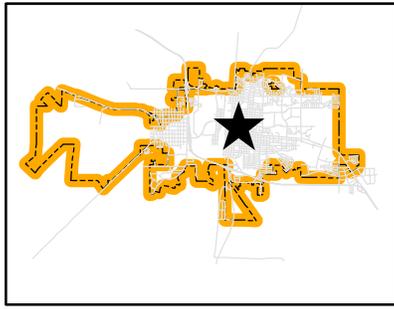

Staff recommends **approval** of amendments to Title 15 (Unified Development Code) of the Laramie Municipal Code for the purposes of allowing "Automobile Service stations (Minor repairs included)" and "Vehicle/equipment sales and rentals (other than motor vehicles) as Conditional Uses in the DC Zone District.

Dear Mr. Bloom:

On behalf of E&D Enterprises, I am writing to formally request a zone variance to allow the relocation of Plains Tire & Battery to 269 North 3rd Street.

As you are aware, the property involved in this application was built as an automotive sales and service establishment and for over sixty years had been used within the automotive and motorsports industries. After TNT Motorsports moved to its current location a portion of this property was leased to Vanetta Liquors, LLC for their use as a vodka distillery and tasting room. After less than two years, this liquor bottling business was found to not be profitable at this location. They have since moved.

I respectfully request that zoning for this building be amended to allow it to service the automotive industry for which it was built. I believe allowing Plains Tire to upgrade to this larger building will be a benefit to the City of Laramie generating additional tax revenue as their business prospers.

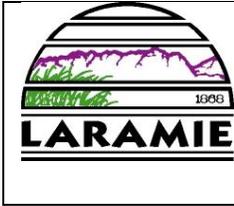

Feel free to contact me if you have any questions or concerns about this proposal.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Andy Thompson', with a long, sweeping underline that extends to the right.

CITY OF LARAMIE COUNCIL REGULAR MEETING October 5, 2016

Agenda Item: Original Ordinance - 2nd Reading

Title: Original Ordinance No. 1955, Redesignating the Name of Ivinson Street (Redesignating as Ivinson Avenue).

Recommended Council MOTION:

Move to **approve** Original Ordinance No. 1955 redesignating Ivinson Street as Ivinson Avenue on second reading, based on findings of fact and conclusions of law and note a public hearing was held on October 4, 2016.

Administrative or Policy Goal:

Rename Ivinson Street to Ivinson Avenue to restore the historic name of the thoroughfare.

Background:

Kim Viner, Historian for the Laramie Plains Museum, has made a request to rename Ivinson Street to Ivinson Avenue. On August 9, 2016 Mr. Viner submitted to the City a petition to the City signed by a majority of the property owners adjacent to Ivinson Street requesting the name be changed to Ivinson Avenue meeting the requirements of LMC Chapter 2.38. Presently the City recognizes the street as Ivinson Street.

In recent decades street signs were changed stating a name of Ivinson Street. Mr. Viner and staff could not find an information in City or County records indicating that it had been to Ivinson Street. Over the last year Mr. Viner has been working with staff in trying to determine when and how Ivinson Street became labeled as Ivinson Street. It has been concluded that the street name was accidentally changed and this Ordinance is required to rename it.

On September 20, 2016, the City Council approved this ordinance (8 yes, 0 no, 1 absent).

The Planning Commission heard this item on September 12, 2016. The Planning Commission recommend that the City Council approve the Amendment to the zoning map reflecting the name Ivinson Avenue (6 yes, 0 no, 1 absent).

The Planning Commission staff report is included. No changes have been made.

MEMORANDUM

Date: September 12, 2016
To: Planning Commission
From: Charles Bloom, AICP, Principal Planner
Subject: Renaming of Ivinson Street to Ivinson Avenue

Recommended Motion:

Move to recommend that the City Council **approve** the request to rename Ivinson Street to Ivinson Avenue.

Background:

Kim Viner, Historian for the Laramie Plains Museum, has made a request to rename Ivinson Street to Ivinson Avenue. On August 9, 2016 Mr. Viner submitted to the City a petition to the City signed by a majority of the property owners adjacent to Ivinson Street requesting the name be changed to Ivinson Avenue meeting the requirements of LMC Chapter 2.38. Presently the City recognizes the street as Ivinson Street.

History:

According to Kim Viner, discussion began on renaming Thornburgh Street to Ivinson Avenue in 1921. These finally gathered traction in 1928 when A. C. Jones, Vice President of First Interstate Bank, began to gather signatures to rename the Street to Ivinson Avenue. According to Viner, on January 21, 1928 an Ordinance was signed officially changing the street name to Ivinson Avenue shortly before Edward Ivinson passed away.

In recent decade street signs were changed stating a name of Ivinson Street. Mr. Viner and staff could not find an information in City or County records indicating that it had been to Ivinson Street. Over the last year Mr. Viner has been working with staff in trying to determine when and how Ivinson Street became labeled as Ivinson Street.

How did it Change?

The short answer is "on accident." Laramie Municipal Code § 12.12.010 "Street names" states that the streets of the city shall be designated and known by the names shown on the "zoning district map of the city of Laramie." Staff has narrowed down the date to the mid-1980s when the City Engineering Department was responsible for maintain the Official Zoning Map of the City. During that time the street was accidentally labeled as Ivinson Street on the map that was prepared in AutoCAD. Since the zoning map officially designates street names, the street has since been legally named Ivinson Street.

Cost:

Public Works Staff estimate that renaming of the street back to its correct name Ivinson Avenue will cost the City approximately \$2,500 in materials and labor. This includes the cost to manufacture new signs and staff time to install the new signage.

Findings of Fact and Conclusions of Law:

Findings of Fact:

- A majority of property owners abutting the street have signed the petition

Conclusions of Law:

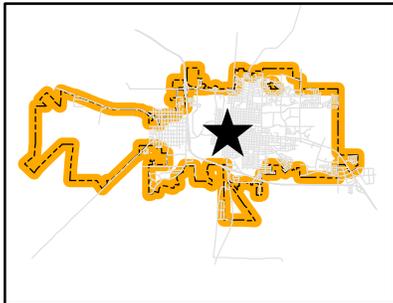

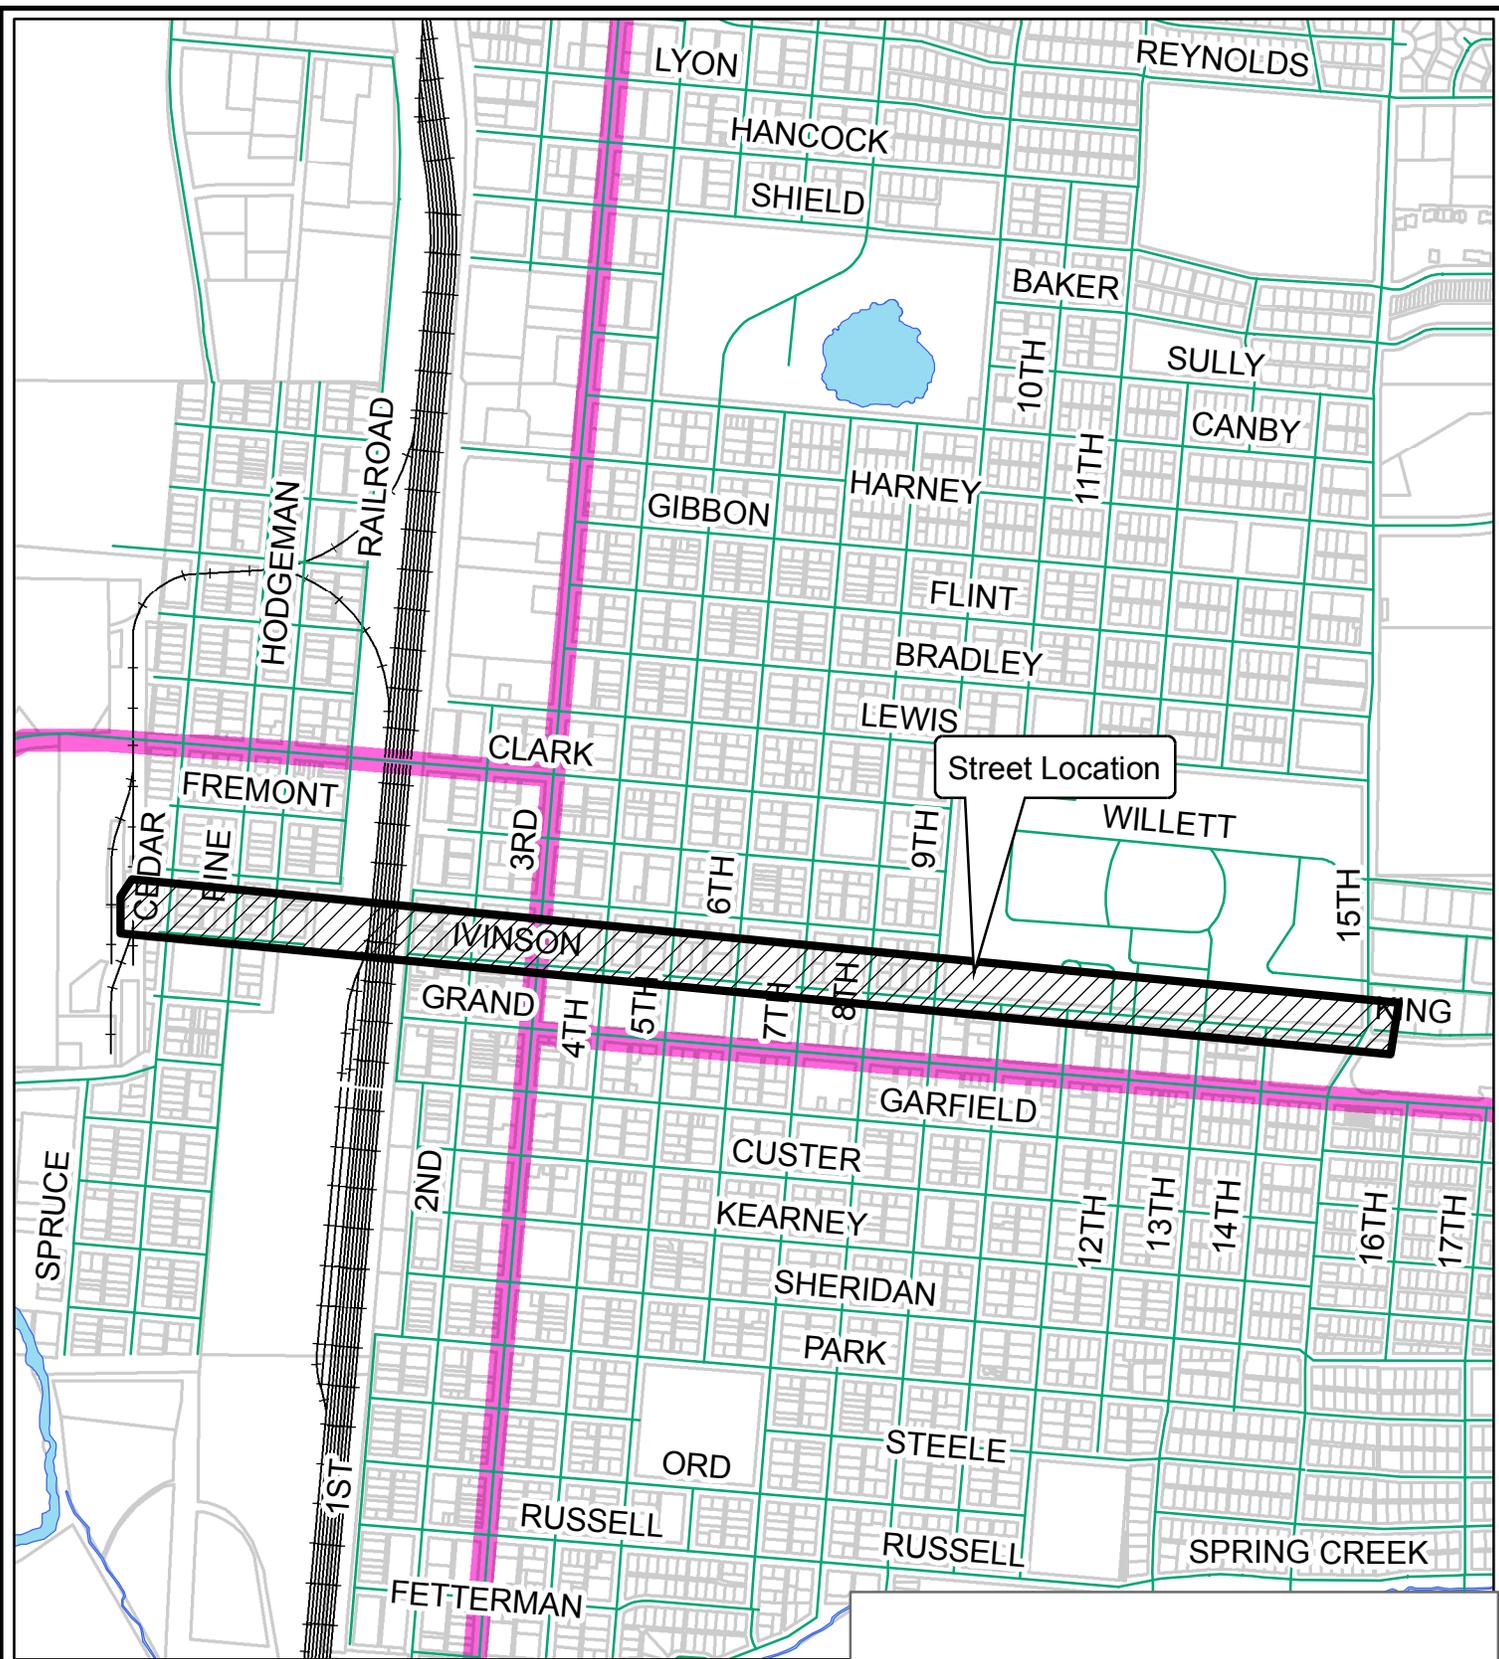

- The applicant is proceeding in accordance with the requirements of LMC 2.38.
- The redesignation of the following dedicated rights-of-way names will not abridge or destroy any of the rights and privileges of other proprietors in said plat,
- The redesignation is in the best interest of the City of Laramie, Wyoming.

Staff Recommendation:

Staff recommends that the Planning Commission **approve** the request to rename Ivinson Street to Ivinson Avenue.

IVINSON STREET OR IVINSON AVENUE?

Over the next two years the city of Laramie will reconstruct part of the street that runs through the heart of historical Laramie. It passes Laramie's oldest banking establishment, St. Matthew's Cathedral, city hall, the county courthouse, the Laramie Plains Museum and the University of Wyoming. The question arises, is it Ivinson Street or Ivinson Avenue?

After Grenville Dodge, chief civil engineer of the Union Pacific Railroad, laid out the city in July 1867, the streets in the town were given very simple names. Streets running north and south were numbered and streets running east and west were given letters for names. From Center Street they were South A, North A etc.

No changes were made until the University of Wyoming came along in 1886. Center Street was renamed University Avenue. In 1889 the remaining east-west streets were given the names that they bear today, with one exception.

That exception is the street that was renamed in 1889 from South A to Thornburgh Street (often misspelled Thornburg). It had been named for Major Thomas Thornburgh who was a unit commander at Fort Steele and was killed in a skirmish with the Ute tribe in 1879 in Colorado.

As early as 1921 it was suggested that the street be renamed to honor Laramie banker and philanthropist, Edward Ivinson. Ivinson had given money to the county to build a modern hospital, deeded his mansion to the Episcopal Church for use as a girls boarding school and donated the money to finish St Matthew's Cathedral.

Opposition arose from an unlikely source, Ivinson's neighbor Melville C. Brown. Brown lived on Thornburgh Street, opposite the Ivinson Mansion block. He was a longtime friend of the Ivinson family but was reported by the Laramie Republican newspaper as being opposed to the change. Brown stated that "General Thornburg" deserved the honor because of his long history in the state. Notably, Brown got Thornburgh's name, rank and importance to Wyoming wrong.

More likely Brown opposed the move because for nearly a decade he tried to get Ivinson to enter into a real estate deal that Brown felt would make him a lot of money. Ivinson did not sell, rather he gave the property to the local orphanage.

The 1921 attempt did not bear fruit, but in 1928, A. C. Jones, vice president of the First National Bank, tried again. Jones collected signatures from everyone who lived on the street and supported the change to Ivinson Avenue. He presented them to the city council. Local history says the only person who would not sign was M. C. Brown.

Despite Brown's opposition, Mayor Stephen Downey signed a city ordinance on 21 January, 1928 changing the name of the street to Ivinson Avenue. Ivinson died 10 weeks later.

But today the street signs read "Ivinson Street." How did the change come about? It seems that no one really knows. Maps produced by the Wyoming Highway Department (1977) the Laramie City Engineer (1982), and the University of Wyoming Architect (1983) all clearly label the street "Ivinson Avenue." Additionally, a photo taken of the corner of Second and Ivinson in 1982 shows a street sign titled "Ivinson Ave."

There are no city records showing that a name change to Ivinson Street was mandated by the city council. Consultations with the city planner yielded no existing records explaining the change. So we are left with the question unanswered. However, available evidence indicates that the name of the street should be Ivinson Avenue not Ivinson Street. Perhaps the reconstruction project would be a good time to change it back.

Paula:

Here is the follow-up pertaining to our discussion about Ivinson Avenue (or Street). Current city street signs show Ivinson Street. The story of why they should show Ivinson Avenue follows (some of this is taken from an article I wrote for the *Boomerang* which was published last month).

When the city was originally platted, the east-west streets were not given names; they were designated by letters. The middle street of the town was Center (some maps spelled it Centre) and south of there was South A, north was North A etc. Center was changed to University Avenue shortly after the U.W. was founded in 1886. On February 19, 1889, the editors at the *Boomerang* stated that the original 1868 east – west street names of A, B, C etc. and the north – south numbered streets were not becoming of a modern metropolis in the late 1800's. So, on that day the paper suggested an update was necessary.

THE STREET NAMES.

The New Nomenclature by Which the East and West Streets are Now Designated – A Suggestion.

One of the last and best acts of the late city administration was the changing of the names of those streets which run east and west. The streets now bear appropriate names and the system is one that the citizens of Laramie can easily familiarize themselves with. The only east and west street the name of which was not changed is University avenue. Running south from that thoroughfare the streets are now known as follows:

NEW NAME.	OLD NAME.
Thornburgh	South A
Grand Avenue	South B
Garfield	South C
Custer	South D
Kearney	South E
Sheridan	South F
Park Avenue	South G
Steele	South H
Ord	South I
Russell	South J
Fetterman	South K
Sanders	South L
Palmer	South M
Mizner	South N

North of University avenue the streets are as follows:

NEW NAME.	OLD NAME.
Fremont	North A
Clarke	North B
Lewis	North C
Bradley	North D
Flint	North E
Gibbon	North F
Harney	North G
Canby	North H
Sully	North I
Baker	North J
Shields	North K
Hancock	North L
Lyon	North M
Reynolds	North N
Curtis	North O
Mitchell	North P

The paper proposed that the streets should be renamed for early settlers or well-known locations. Names such as Trabing, Hutton, Holliday and Fillmore and famous sites such as Yellowstone were initially suggested.

Within a week, however, the *Boomerang* published another article that offered a different suggestion. This one came from local businessman W.H. Root. He suggested to the paper that the streets be named after “well known military officers who have served in this vicinity.” The *Boomerang’s* suggestion, with Root’s modification, took hold and soon the Laramie city council appointed a three person committee to study the proposal.

On March 15, 1889, they reported to the council a list of names that should be considered and the recommendation that the numbered streets not be changed. For the east – west streets they chose mostly military officers and some pioneers. Over the next week, the list was changed. The proposed Bonneville Street was changed to Grand Avenue and proposed Bridger Street was changed to Sheridan Street. On 21 March the *Boomerang* listed the names for all the streets that were to be voted upon by the city council.

The list was adopted by city ordinance on May 8, 1889, and the formal list published by the paper on May 14 (shown left). The paper praised the actions of the council noting it was one of the last acts of the outgoing administration following the election of new council members on April 2, 1889 (who took office in June).

There was confusion over the changes. In early June, new mayor Augustus Trabing asked at a council meeting if the change had been approved. He said that several local residents were not sure of the name of the street in front of their houses. Councilman Hicks assured the mayor that the changes were official and

lamented that people would know that if they simply read the paper. To rectify the situation, H. D. Beemer was hired to paint street signs that were placed where the newly named streets intersected Second Street.

The new street names north of University to Mitchell have remained the same as they were adopted in 1889. Two changes happened south of University. Mizner Street was never built and the name not used. Thornburgh would eventually be renamed.

Thornburgh was used for several years after 1889. An 1894 map online at the state archives shows the route as "Thornburgh St" in original typeset (not added later). That verified the 1889 change from South A.¹

Thornburgh was an interesting selection. He was an Army officer who had been commander of Fort Steele and was killed in a skirmish with Ute Indians in Colorado in 1879. Oddly, he had nothing really to do with Laramie and he was buried in Omaha, Nebraska, and was reburied in Arlington National Cemetery at a later date! Why the citizens of Laramie decided to name a street after him was strange.

The street (often misspelled Thornburg in the papers) retained the name until 1928. Just after the New Year, A.C. Jones, the vice president of the First National Bank and a longtime friend of Edward Ivinson, circulated a petition asking citizens of Thornburgh Street to support his call to the city council to rename the thoroughfare "Ivinson Avenue." Local newspapers reported on 4 January 1928 that out of 40 property owners on the street only three or four did not sign the petition (legend has it that prominent resident Melville C Brown would not sign – he lived across the street from the Ivinson mansion). The paper also reported that the city council voted five to zero on the 3rd to direct the city attorney to draft an ordinance to change the name of Thornburgh Street to Ivinson Avenue.

On the 18th, papers reported that the city council passed the ordinance renaming the street Ivinson Avenue. Mayor Downey was out of the city on that day but signed the ordinance on 21 January 1928. The paper put it this way:

Mayor S.C. Downey, who returned last night from Denver, today signed the ordinance, passed unanimously by the city council Tuesday, in his absence, changing in the name of Thornburg (sic) street (sic) to Ivinson avenue (sic).....The ordinance changing the name of the street to Ivinson avenue (sic) is in honor of Edward Ivinson the oldest citizen of Laramie and its first banker. For a long time he was president of the First National Bank.

So, as of that date the official name was Ivinson Avenue.

Because street signs show "Ivinson Street" and the evidence seemed to indicate "Ivinson Avenue," I called the Albany County Geographical Information Systems team and asked them what they used to denote the street. They replied (and their online maps state), Ivinson Avenue.² Then I called the city manager's office and asked what they called the street (mentioning that there may be a discrepancy). They directed me to the city street department. They had access to an 1885 map done up by the (then) city engineer (also online at the state archives), that showed BOTH "S A" and Ivinson St. for the same street but in different fonts. This obviously meant that someone had gone back and added "Ivinson St" to the original map. So that was not much help, but may explain where the confusion originated.

¹ It can be seen at <http://wyoarchives.state.wy.us/Archives/Maps.aspx> as can the 1884 map and 1940 map referenced below.

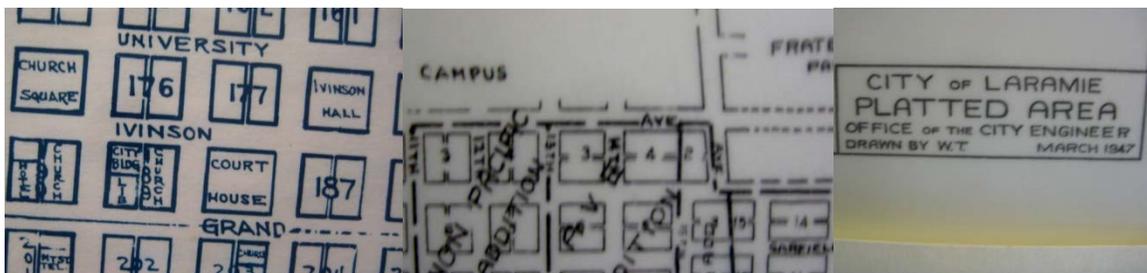

² Their maps can be seen at <http://www.co.albany.wy.us/gis.aspx>

They then directed me to the City Planner's office. I talked to both the planners in the office on that day and subsequently exchanged several emails with Mr. Bloom. I recapped the whole story. They checked all the older street maps that they had and could not tell me why someone put up "Iverson Street" street signs. We all agreed that it would cost a bunch of money to change them and that it was unlikely that it would ever be done. Finally, I wondered aloud if someone had just made a mistake and they agreed that was a possibility.

Mr. Bloom queried Harold Colby (former street division manager) and he recalled that at one point in the 70's the businesses on the western end of Iverson asked that it be changed from "Street to Avenue" to make it more appealing. I believe Mr. Colby may have the story correct but the order reversed as the city definitely changed it to Avenue in 1928.

Here are images which show that the city still called it Iverson Ave through 1985:

These three images are from the official city map of 1947 showing it as Iverson Ave. I could not place the entire avenue in a readable form in one image. So the two on the left are separate portions of the same map. One can clearly see though that Iverson was "Ave" as it ran past the U.W. Campus.

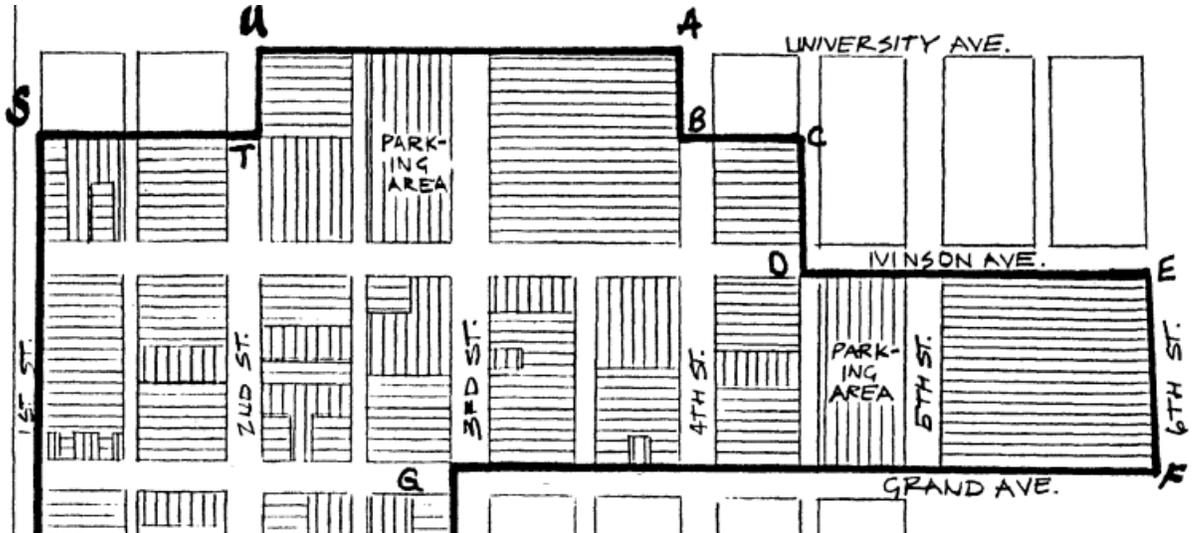

The image below was included for the 1988 submission for the Laramie Historic Downtown District. This photo was taken in 1985. So, here is another clue that the name was never officially changed to Iverson Street. Of note, is that the submission called it either Avenue or Street in different parts of the document.

Finally a couple of other facts: the U.S. Postal Service calls the lane in question, "Iverson Street." On the other hand, the letters stamped into the concrete of the curb and gutter along the street say "AVE" not street. I am not sure when those were installed, but I do know that the ones by our house (corner 12th and Steele) were done before 1954. Additionally, a hand drawn map of downtown Laramie

by "Cash" Carroll done in 1949 (he was a property appraiser and real estate agent) and held in the Laramie Plains Museum's collection lists it as Ivenson (sic) Avenue. Finally, the National Register of Historic Places 1988 submission (approved 11/10/88) for the Laramie Downtown Historic District also has a map that shows the street as "Iverson Ave."

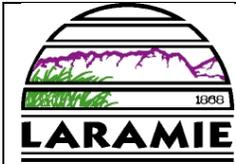

Taken in aggregate, I am very confident that the street in question should still be officially Ivinson Avenue.

CITY OF LARAMIE COUNCIL REGULAR MEETING October 4, 2016

Agenda Item: Orig. Ordinance – 1st Reading

Title: Original Ordinance No. 1956, rezoning approximately 18,000 sq. ft. of land located at 2159 Snowy Range Road, generally located on the northwest corner of Colorado Avenue and Snowy Range Road in Laramie, from B2 (Business) District to B2 (Business) District with ROB (Residential Overlay for Business) District.

Recommended Council MOTION:

Move to **approve** Original Ordinance No. 1956 on first reading, rezoning approximately 18,000 sq. ft. of land located at 2159 Snowy Range Road, generally located on the northwest corner of Colorado Avenue and Snowy Range Road in Laramie, from B2 (Business) District to B2 (Business) District with ROB (Residential Overlay for Business) District, based on findings of fact and conclusions of law; set a public hearing for October 18, 2016.

Administrative or Policy Goal:

The Comprehensive Plan's Future Land Use (FLU) Map (Map 3.2) designates this area as AUC (Auto-Urban Commercial). Rezoning of the area to include ROB (Residential Overlay for Business Districts) is in conformance with the Comprehensive Plan as it does not change the base zoning of B2 and allows a historically permitted use to continue to be permitted.

Background:

This zoning would establish ROB (Residential Overlay for Business Districts) for an area approximately 18,000 sq. ft. size located at 2159 Snowy Range Road, generally located on the northwest corner of Colorado Avenue and Snowy Range Road in Laramie. The area proposed for rezoning represents 1 lot zoned B2 (Business) District, which is developed with a single-family house currently being used as a residential dwelling.

The Laramie Planning Commission unanimously recommended the Council approve the Zoning Amendment at their September 12, 2016 meeting (6 yes, 0 no, 1 absent).

The September 12, 2016 Planning Commission staff report is included. No changes have been made to the report subsequent to the Planning Commission action.

- Wyoming State Statutes Title 15 Article 1 Section 502
- Wyoming State Statutes Title 15 Cities and Towns, Article 5 Planning

**LARAMIE PLANNING COMMISSION
SEPTEMBER 12, 2016
STAFF REPORT**

FILE: Z-16-04: 2159 Snowy Range Road

REQUEST: Establishment of ROB (Residential Overlay for Business Districts) for an area zoned B2 (Business) District and measuring approximately 18,000 sq. ft. in size.

LOCATION: 2159 Snowy Range Road is located on the northwest corner of Snowy Range Road and Colorado Avenue.

APPLICANT(S)/AGENT: Chad Wagner

OWNER: John & Constance Wallace

PURPOSE: Establishment of ROB (Residential Overlay for Business Districts) to recognize the existing residential use as a single-family home

CURRENT ZONING: B2 (Business)

PREPARED BY: Eric Conner, Associate Planner

RECOMMENDED MOTION:

Move to recommend **approval** to the City Council to establish ROB (Residential Overlay for Business Districts) and to retain B2 (Business) Zoning for 2159 Snowy Range Road which encompasses an area approximately 18,000 sq. ft. in size, based on findings of fact and conclusions of law.

APPLICABLE CITY CODE SECTION(S):

Laramie Comprehensive Plan
Laramie Municipal Code Title 15, Unified Development Code
Wyoming State Statutes Title 15 Cities and Towns, Article 5 Planning
Wyoming State Statutes Title 15 Cities and Towns, Article 6 Zoning

BACKGROUND:

This zoning would establish ROB (Residential Overlay for Business Districts) for an area of B2 (Business) zoned property approximately 18,000 sq. ft. in size, which is located at the northwest corner of the intersection of Snowy Range Road and Colorado Avenue in west Laramie. The area proposed for rezoning represents 1 parcel with an existing single-family home that is being used residentially. The applicant wishes to re-zone the property to recognize the residential use which

would allow for a new residential addition to be constructed. In order to do so, the parcel needs to be zoned to allow for residential uses. Permitted uses in the B2 district do not include single-family residential uses. However, in recognition that residential and business uses can be compatible in specific locations and under specific criteria, an overlay district to allow this coexistence in B1, B2, C2, and DC districts may be established. The ROB was created with this vision in mind and staff believes this overlay is applicable in this case.

APPLICABILITY TO THE COMPREHENSIVE PLAN:

Future Land Use:

	Future Land Use Designation (Map 3.2)	Zoning	Land Use
Subject Property	(AUC) Auto Urban Commercial	B2 (Business)	Single-family home
North	(AUC/AUR) Auto Urban Commercial/ Auto Urban Residential	B2 (Business)	Single-family homes
South	(AUR) Auto Urban Residential	B2 (Business)	Snowy Range Road/Commercial
East	(AUC) Auto Urban Commercial	B2 (Business)	TNT Motorsports
West	(AUC) Auto Urban Commercial	B2 (Business)	McKim's Upholstery

Zoning districts associated with Auto-Urban Commercial designations are NB (Neighborhood Business), B1 (Limited Business) and C2 (Limited Commercial). The property is currently zoned B2 (Business), which technically is not aligned with the Future Land Use Plan designation. However, staff has concluded in numerous previous cases that the exclusion of the B2 zone district as a compatible zone is an error in the Comprehensive Plan and should be included. This correction is being recommended in the forth coming Comprehensive Plan updates.

Staff agrees with the Comprehensive Plan's designation of this area being Auto-Urban Commercial. Adding the ROB overlay accommodates the existing land use but does not change the underlying zoning district. Snowy Range Road is a major commercial corridor in Laramie and should remain zoned B2.

LAND USE AND ZONING:

This zoning request does not change the current designation of B2 (Business) District, but includes an overlay district (Residential Overlay for Business Districts). The ROB district applies R3 (Multi-Family Residential) standards to the property. There are currently five ROB overlay districts in west Laramie; four of those are located in the B2 zoning strip along Snowy Range Road. The subject property is also located in the Snowy Range B2 zoning strip. Although not legally necessary, for clarity, staff recommends the motion specify that B2 zoning is to be retained underlying the ROB overlay.

There are several properties zoned B2 along Snowy Range Road in west Laramie that are developed with commercial uses and residential uses. The farther north from Snowy Range Road, the more prominent residential uses are.

PUBLIC COMMENTS:

Public notice was mailed to properties within 300 feet of this property on August 25, 2016. A legal advertisement was published in the Laramie Boomerang on Saturday, August 27, 2015. To date, staff has received no public comment.

FINDINGS OF FACT AND CONCLUSIONS OF LAW:

Findings of Fact:

- The request complies with the applicable zoning requirements of Laramie Municipal Code, Title 15.
- Establishing B2 (Business) District zoning with ROB (Residential Overlay for Business Districts) for the property is consistent with the Future Land Use Map (Map 3.2) and related goals and policies of the Comprehensive Plan (2007).

Conclusions of Law:

- The amendment to the zoning map is being processed pursuant to Wyoming State Statutes Title 15 Cities and Towns, Article 6 Zoning.
- Establishing B2 (Business) District zoning with ROB (Residential Overlay for Business Districts) for the property is consistent with the Comprehensive Plan's Future Land Use (FLU) Map (Map 3.2).

ALTERNATIVES:

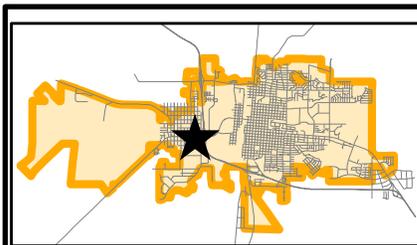

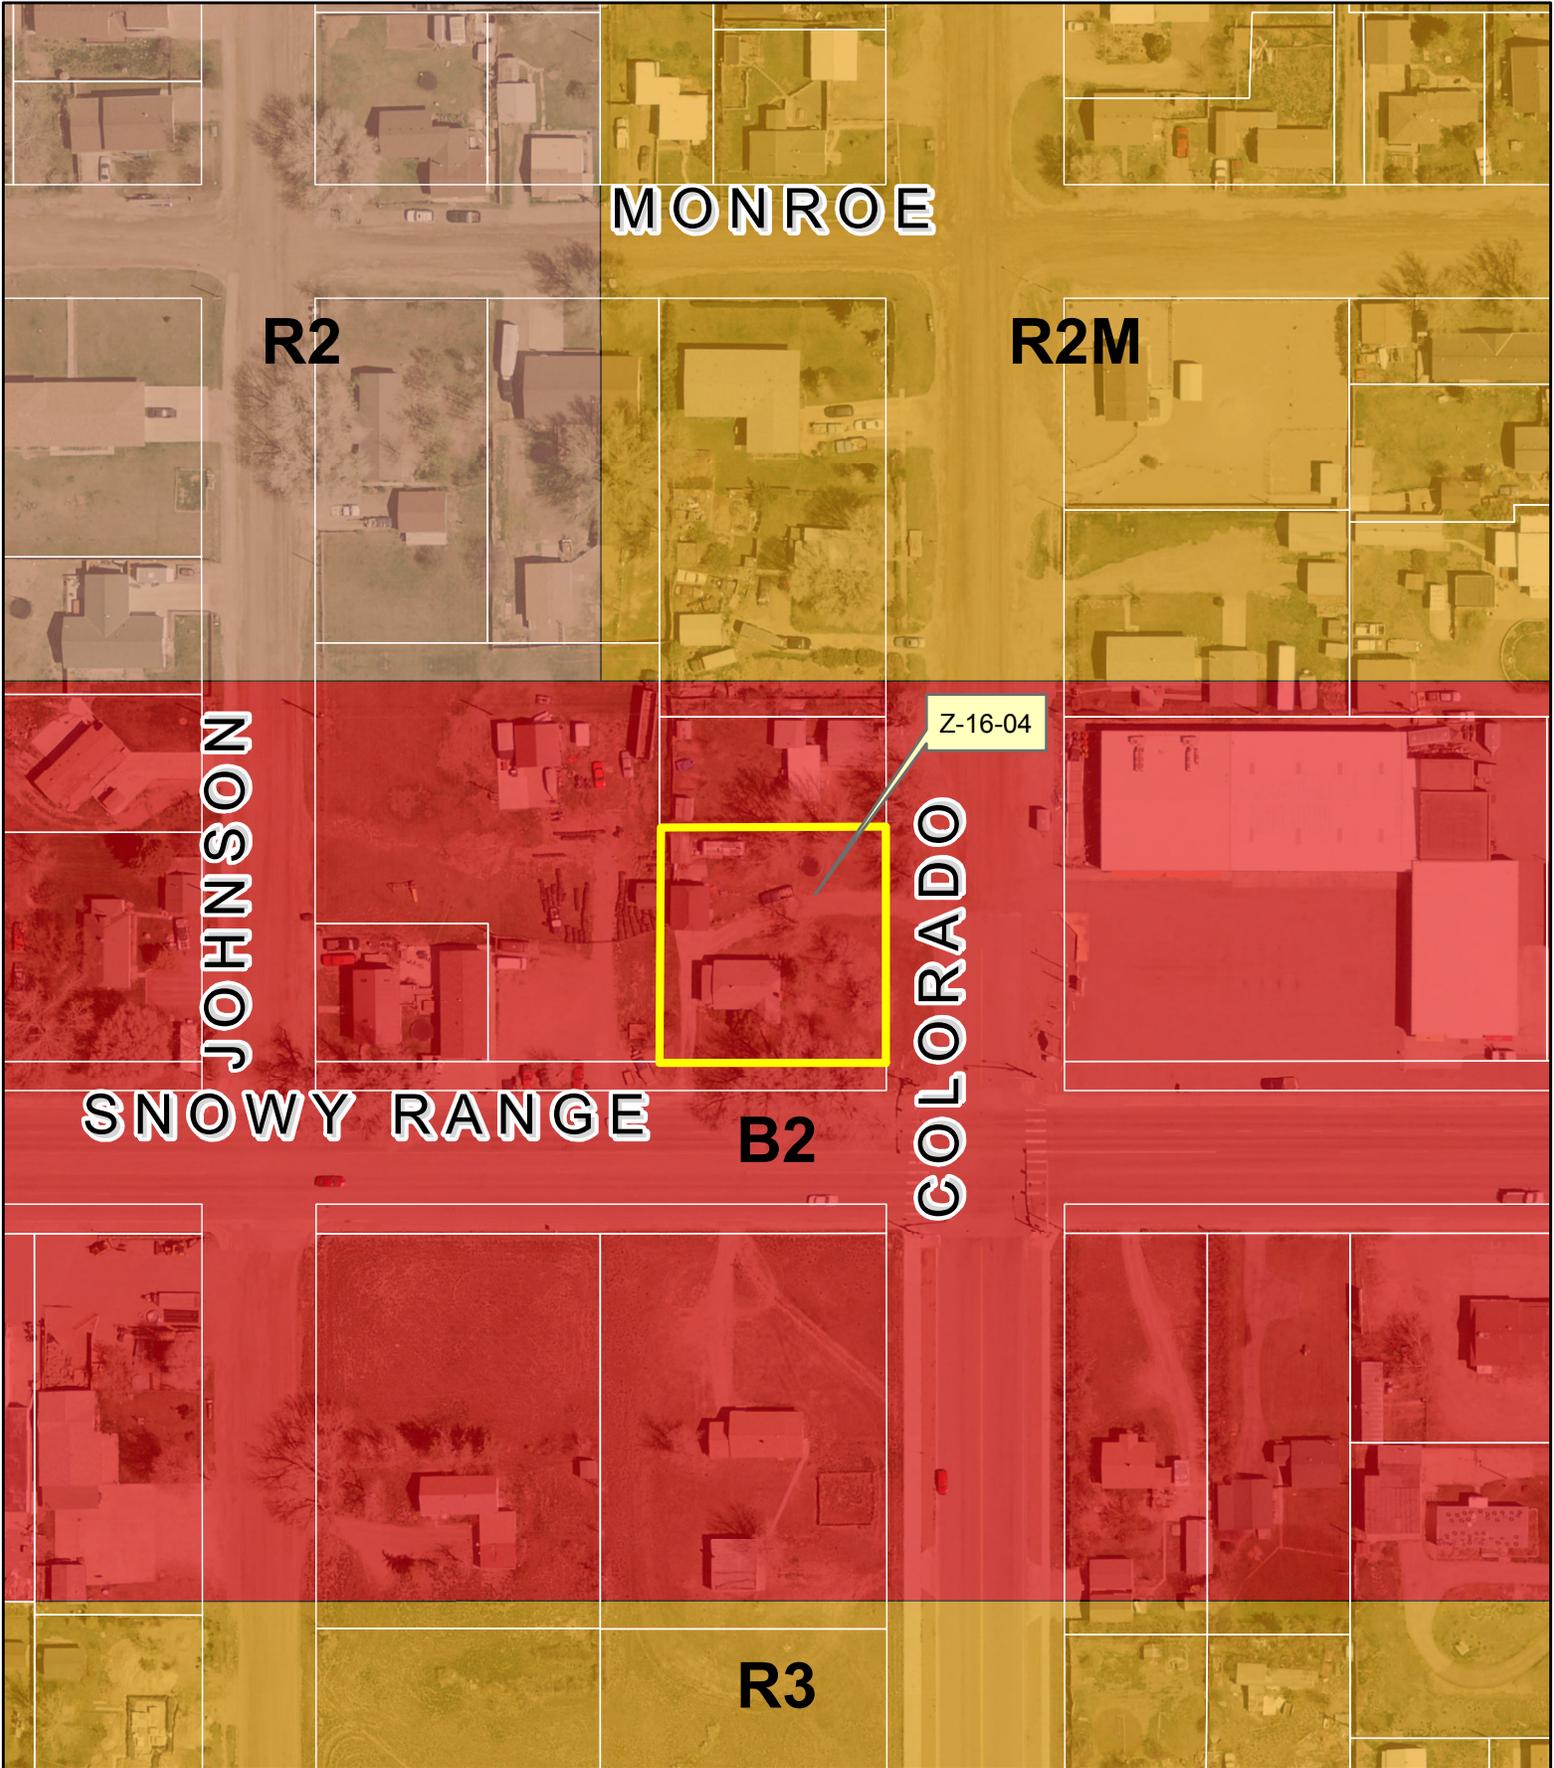

1. Approve the rezoning as recommended by staff, based on findings of fact and conclusion of law. **(Staff's recommendation)**
2. Approve the rezoning with other modifications, based on findings of fact and conclusion of law.
3. Deny the rezoning based on findings of denial. Since staff recommends approval, the Planning Commission must conclude that the rezoning does not meet all of the findings. As part of the motion, findings for denial must be stated.
4. Postpone the rezoning until issues identified during the meeting can be resolved with the applicant.

STAFF RECOMMENDATION:

Staff recommends **approval** of the request to establish ROB (Residential Overlay for Business Districts) and to retain B2 (Business) Zoning for 2159 Snowy Range Road which encompasses an area approximately 18,000 sq. ft. in size, based on findings of fact and conclusions of law.

To whom it may concern:

This letter is in regards to the rezoning application for Property located at 2159 Snowy Range Rd. Laramie, WY 82070.

I Chad R Wagner am writing in request of zone change of property 2159 Snowy Range Rd, From B2 zoning to B2/ROB. I am requesting this change as I am very interested in purchasing the property for my family, and making it a home. We are very attracted to the house and its beautiful surroundings; the large trees and corner lot. This house would be perfect as it is close to our children's school and near family.

As we moved further into the purchase of the property at 2159 Snowy Range Rd we were informed that the current B2 zoning would not allow us to add on to the home itself in a sufficient manor; the addition we are proposing would be a 450 sq. ft. addition to allow for a 3 bedroom two bath home.

Unfortunately the property needs numerous updates and is too small for my family to live in. By changing the zoning from B2 to B2/ROB, I would be able to make this house beautiful and large enough for my family; a place my children can call home.

I ask that you consider my request with the knowledge that this can be a home to meet our family's needs.

Thank you,

Chad R Wagner
