**Background:**

On March 9, 2016 the Parks, Tree & Recreation Advisory Board heard a presentation from the University of Wyoming’s Campus Sustainability Class regarding submitting an application on behalf of the City of Laramie to the League of American Bicyclists to obtain “Bicycle Friendly Community” status. On June 7, 2016 the City of Laramie, City Council approved Resolution 2016-40 supporting the efforts of the Campus Sustainability Class at the University of Wyoming’s efforts to obtain a “Bicycle Friendly Community” status from the League of American Bicyclists. The State of Wyoming only had one other “Bicycle Friendly Community” with Jackson Hole being awarded a gold level status. The University of Wyoming had been awarded a bronze level status as a “Bicycle Friendly University.”

The students from the Campus Sustainability class were responsible for completing the 100+ question application, without their work, this would not have been possible. City staff helped tremendously to help supply answers to questions on engineering, education, enforcement, and encouragement.

The City of Laramie was awarded a Bronze Bicycle Friendly Community Status based on the results of the application process. The benefits of the application process will help create new partnerships and momentum for bicycle improvements, allow us to access bicycle-related data, and the results show how Laramie stacks up against similar communities all over the nation. The League of American Bicyclist has a few recommendations (attached, on our scorecard) they feel will best assist us in improving our bike “friendliness.” We look forward to evaluating the potential for the city’s consideration of those items in the next few years.

## KEY STEPS TO SILVER

» Adopt a Complete Streets policy and offer implementation guidance. By adopting a Complete Streets policy, communities direct their transportation planners and engineers to routinely design and operate the entire right-of-way to enable safe access for all users, regardless of age, ability, or mode of transportation. This means that every transportation project will make the street network better and safer for drivers, transit users, pedestrians, and bicyclists - making your community a more desirable place to live and do business.

» Bicycle-safety education should be a routine part of education, for students of all ages, and schools and the surrounding neighborhoods should be particularly safe and convenient for biking and walking. Work with your local bicycle groups or

interested parents to expand and improve the Safe Routes to School program to all schools.

» Your community has a high percentage of people who bike to work without having an extensive bicycle network. Take advantage of this by implementing wayfinding signage, branding, and low-cost improvements to allow more people to find existing low-stress routes utilized by these commuters. It may be possible to make significant improvements to your network by targeting a few higher stress locations.

» Clearly communicate progress on bicycle plans and other key metrics to inform citizens about the accomplishments and return on investment of improvements for bicycling and walking.

### **6-A. Presentation: West Laramie/Snowy Range Corridor Study – Todd Feezer**

This study is still in the Comments phase. Questions/comments from the Traffic Commission were welcomed by Mr. Feezer after the presentation.

Denison: What is the time frame?

Answer: Strictly conceptual planning at this point.

Moeller: Would this tie into the Harney Street viaduct project?

Answer: Yes, including a few hundred feet around Garfield Street.

Shinstine: Why are both sides of Snowy Range Road being considered?

Answer: It will work to beautify both sides of the roadway.

Sindelar: Will there be more public meetings on the subject?

Answer: The Planning Commission on November 14<sup>th</sup>, and this will also go to Council with a final feasibility study.

Sindelar: What is the deadline for comments?

Answer: November 18<sup>th</sup> at 5 PM.

Colby: Does the City have right-of-ways on all of the proposed property?

Answer: There are some locations the City will have to negotiate such as by Fat Boys Tires.

Sindelar: This would provide connectivity to other bike paths, walkways, and even Linford School. You may want to consider beautification techniques that include things that don't blow across the streets and have drifting problems in our Wyoming wind.

Hanson: With the Clark Street Bridge soon to be gone, the Hahn's Peak trail will be very important to bicyclists.

### **6-B. Eliminate Handicap Parking Space – 1012 Grand Avenue**

Jaap shared the City's recommendation to eliminate the handicap parking space at 1012 Grand Avenue. The resident has passed away and the handicap parking is no longer needed.

**To:** Traffic Commission, City of Laramie  
**From:** Todd Feezer, Director, Parks & Recreation Department, City of Laramie  
**Re:** West Laramie/Snowy Range Road Bicycle/Pedestrian Feasibility Study  
**Date:** November 4, 2016

The West Laramie/Snowy Range Road Pedestrian/Bicycle Feasibility Study originally began as the West Gateway Beautification Project and was initially identified as a potential alternative transportation and beautification enhancement project by the West Laramie Business Association (WLBA). The WLBA identified the north side of Snowy Range Road right-of-way (ROW) from the I-80 interchange to the HWY 130/230 intersection where there is approximately fifteen feet (15') to eight feet (18') of WYDOT property available for a shared use bike path, and future enhancements. The WYDOT TAP review committee expressed some possible concerns regarding placing a bike path along the north side of Snowy Range Road with the existing commercial development. The committee suggested that a feasibility study was a much better approach to determine where to plan for a shared use bike path through West Laramie. City staff concurred that a feasibility study would engage the West Laramie residents with regard to where they believe a shared use bike path should be located.

The first phase of this enhancement project necessitated the need for public stakeholder meetings with landowners and businesses located on Snowy Range Road, Laramie residents and more specifically residents of West Laramie. The initial meetings have generated many comments for the overall feasibility study and are assisting in the generation of a conceptual plan for potential bicycle/pedestrian enhancements along Snowy Range Road and/or other undetermined streets in West Laramie from Garfield Street to Cleveland Street. Items under general consideration for this project include a shared use bike path, pedestrian lighting fixtures, landscaping and hardscape amenities including public art.

The presentation today is intended to provide an opportunity for the Traffic Commission members to provide comments related to and participate in the West Laramie/Snowy Range Road Pedestrian/Bicycle Feasibility Study. I would ask that after the conclusion and discussion related to today's presentation that Traffic Commission members provide written comment and submit them on the form included in today's packet.

Any questions on this process can be directed to Todd Feezer, Director, Parks & Recreation Department via phone at (307) 721-5260 or through email at [tfeezer@cityoflaramie.org](mailto:tfeezer@cityoflaramie.org).

**Award of Bid; Public Works Department (Utilities) – One Service Truck with Trade-In**

**Recommended Council MOTION:**

“I move to award the bid for one Utility Service Truck (Unit 330) with Trade-In to Spradley Barr Ford, Cheyenne, WY, in the total amount of \$43,183.00.”

**Administrative or Policy Goal:**

Replace aging and worn equipment according to the City’s established replacement schedule as recommended by the Fleet Advisory Committee and approved in the biennial budget.

**Background:**

The City has an established replacement schedule for vehicles and equipment that identifies recommended vehicle and equipment replacement according to a schedule that considers age, mileage, operating hours, and life expectancy. The fleet advisory committee has developed this replacement schedule over the last several years. The replacement schedule provides the recommendations in the annual budget adopted by City Council.

The Utilities Service Truck (Unit 330) was placed out for public bid and advertised according to the City’s Purchasing policies. Bids were opened on November 1, 2016, with results as follows:

Nancy,

Both are approved. The taxi company has all three listed drivers with valid dl's, current registration on the one listed vehicle, and the insurance company policy was corrected with them from an 2003 vehicle to a 2008. The VIN matched with the insurance, just a typo on their part.

**Agenda Item: Agreement - Modification**

1. **Title: Consideration of Amendment to State Small Business Credit Initiative Allocation Agreement between the United States Department of the Treasury and the Wyoming Consortium of Participating Municipalities (Laramie, WY Lead City).**

**Recommended Council MOTION:**

That Council move to approve Amendment to State Small Business Credit Initiative Allocation Agreement between the United States Department of the Treasury and the Wyoming Consortium of Participating Municipalities (Laramie, WY Lead City), and authorize the City Manager to sign.

---

**Administrative or Policy Goal:**

Economic Development

---

**Background:**

In 2011, the City entered into an Allocation Agreement as the Lead City for a consortium of 18 Wyoming municipalities to access more than \$13 Million in Federal funding through a new Federal program – the State Small Business Credit Initiative.

As of October 31, 2016, the State Small Business Credit Initiative has deallocated \$6,284,261 from Participating States' Allocations through reductions due to violations of the terms of their allocation agreement with the Treasury. In accordance with Section 3008(b) of the Small Business Jobs Act (SBJA), the Department of Treasury will reallocate deallocated amounts among the remaining successful Participating State programs.

The Treasury has calculated the amount of funds to be reallocated to each State, and will disburse these funds during the fourth quarter of 2016. The Wyoming Municipal Consortium has been deemed eligible to receive reallocated funds in the amount of \$59,561, bringing the revised total allocation amount to \$13,227,911.

## **State Small Business Credit Initiative**

### **Allocation Agreement Amendment**

In accordance with Section 8.3 of each Allocation Agreement entered into by and between the United States Department of the Treasury (Treasury) and each Participating State and consortium of Participating Municipalities listed in the Addendum, Treasury hereby proposes to reallocate \$6,284,261 in Allocated Funds among the Participating States and the Participating Municipalities. This reallocation of Allocated Funds is authorized by Section 3003(b) of the State Small Business Credit Initiative Act of 2010 (title III of the Small Business Jobs Act of 2010, Public Law 111-240, 124 Stat. 2568, 2582) (the "Act").

Section 3008(b) reads:

Deallocated Amounts To Be Reallocated- If, after 13 months, any portion of the amount of Federal funds allocated to a participating State is deemed by the Secretary to be no longer allocated to the State after actions taken by the Secretary under subsection (a)(1), the Secretary shall reallocate that portion among the participating States, excluding the State whose allocated funds were deemed to be no longer allocated, as provided in section 3003(b).

Accordingly, Treasury and each Participating State or consortium of Participating Municipalities agree to:

Amend the dollar amount of the Allocation Commitment in Section 2.1 of the Allocation Agreement to be the amount listed in the attached Addendum for each Participating State or consortium of Participating Municipalities.

Amend the end of paragraph 2 of Annex 2 of the Allocation Agreement to include the following sentences:

Treasury will disburse Allocated Funds that are reallocated to each Participating State or consortium of Participating Municipalities pursuant to this Allocation Agreement Amendment as part of the third one-third of Allocated Funds. If a Participating State or consortium of Participating Municipalities has received its third one-third of Allocated Funds, the reallocated Allocated Funds will be disbursed within 90 days of the execution of this Allocation Agreement Amendment.

Each Participating State or Participating Municipalities may use three percent (3%) of the amounts received pursuant to this amendment to pay both direct and indirect administrative costs as described in Annex 3.

Except as expressly amended hereby, the Allocation Agreement shall remain in full force and effect in accordance with its terms.

The Participating State or consortium of Participating Municipalities will undertake the following activities with the Allocated Funds under its Approved State Program:

Approved State Program	Amount Reallocated	Total Amount of Allocated Funds
Credit Guarantee Program	\$59,561	\$13,227,911
Seed Capital Network Program		

Please countersign and return this amendment by December 21, 2016.

Once Treasury receives the counter-signed executed amendment, we will insert the effective date, and will send you a copy of the fully executed amendment.

**Agenda Item:** Agreement

**Title:** Award of Professional Services Agreement between the City of Laramie, Wyoming and Dale Buckingham, Architects, LLC for services related to the City Hall Annex Roof and Cornice Project, not to exceed \$22,443.90.

**Recommended Council MOTION:**

I move that Council approve the Professional Services Agreement between the City of Laramie and Dale Buckingham Architects, LLC for construction design services for the City of Laramie City Hall Annex Roof and Cornice Project in the amount of \$20,403.90 plus a contingency of \$2,040.00 for a total not to exceed amount of \$22,443.90 and authorize the Mayor and Clerk to sign.

---

**Administrative or Policy Goal:**

*Department Goal:* Continue to proactively maintain existing City owned buildings and infrastructure.

---

**Background:**

A 2015 inspection of the City Hall Annex roof revealed that the original tile roof, and the decorative cornice work were showing some deterioration, and were in need of repair and/or replacement. Also discovered, during this routine building inspection, were cracks in the building's interior wall plaster, which could indicate building structural deficiencies. Funding of two hundred and fifty five thousand dollars (\$255,000.00) for the building repairs and roof replacement was requested and approved in the FY17 budget.

The Facilities Maintenance staff solicited a Request for Qualifications (RFQ) for professional design services. Having a project design in place will ensure that bidders are all provided with, and follow the same specifications, and will be bidding the same materials.

The Request for Qualifications was legally advertised in September, was mailed to six (6) regional construction design firms and posted on the City's web site. Three qualified response submittals were received from Dale Buckingham Architects, LLC of Sheridan, Wyoming, Plan One Architects of Cheyenne, Wyoming, and Myers Anderson of Evanston, Wyoming. A committee of City staff members considered all of the submittals and chose Dale Buckingham Architects as the firm that best fit the needs of the City of Laramie. After opening the fee proposal, the staff negotiated the scope of services and the fees within the professional services agreement attached to this agenda cover.

If the agreement is approved, the Consultant anticipates having the roof and cornice designs and specifications prepared for bidding in January of 2017.

**7.11. Force Majeure.** Neither party shall be liable to the other for incidental, special or consequential damages. Neither party shall be liable for failure to perform under this Contract if such failure to perform arises out of causes beyond the control and without the fault or negligence of the nonperforming party. Such causes may include, but are not limited to, acts of God or the public enemy, fires, floods, epidemics, quarantine restrictions, freight embargoes, strikes, lockouts, work interruption or other labor disputes and unusually severe weather. This provision shall become effective only if the party failing to perform immediately notifies the other party of the extent and nature of the problem, limits delay in performance to that required by the event, and takes all reasonable steps to minimize delays. This provision shall not be effective unless the failure to perform is beyond the control and without the fault or negligence of the nonperforming party.

**7.12. Indemnification.**

AGREEMENT BETWEEN  
CITY OF LARAMIE, WYOMING  
AND  
DALE BUCKINGHAM ARCHITECTS, LLC  
FOR THE LARAMIE CITY HALL ANNEX ROOF AND CORNICE DESIGN SERVICES

7.12 (a). Consultant shall indemnify, defend and hold harmless City, their officers, agents, employees, successors and assignees from any and all claims, lawsuits, losses and liability arising out of Consultant's failure to perform any of Consultant's duties and obligations hereunder or in connection with the negligent performance of Consultant's duties or obligations, including but not limited to any claims, lawsuits, losses or liability arising out of Consultant's negligence and not to the extent caused by others.

7.12 (b). Consultant shall be liable to City for all damages including consequential damages and every expense, cost, exclusive of betterment, attorneys' fees and payment incurred by City as the result of negligence, or negligent acts in any of the services furnished under this Contract.

7.12 (c). Without limitation as to other remedies, which City may have, Consultant will, without additional compensation, correct or revise any errors or deficiencies in its services.

7.13. **Independent Consultant.** The Consultant shall function as an independent consultant for the purposes of this Contract, and shall not be considered an employee of the City for any purpose. The Consultant shall assume sole responsibility for any debts or liabilities that may be incurred by the Consultant in fulfilling the terms of this Contract, and shall be solely responsible for the payment of all federal, state and local taxes which may accrue because of this Contract. Nothing in this Contract shall be interpreted as authorizing the Consultant to incur any obligation of any kind on the behalf of the City or its staff. The Consultant agrees that no health/hospitalization benefits, workers' compensation and/or similar benefits available to City employees will inure to the benefit of the Consultant or the Consultant's agents and/or employees as a result of this Contract.

7.14. **Kickbacks.** Consultant certifies and warrants that no gratuities, kickbacks or contingency fees were paid in connection with this Contract, nor were any fees, commissions, gifts, or other considerations made contingent upon the award of this Contract. Consultant shall provide the City with a certification under oath that he has not in any way been involved in any gratuities, kickbacks or contingent fees in connection with his selection or ultimate performance under this contract. If the Consultant breaches or violates this warranty, City may, at its discretion, terminate this Contract without liability to the City, or deduct from the Contract price or consideration, or otherwise recover, the full amount of any commission, percentage, brokerage, or contingency fee.

7.15. **Ownership of Documents/Work Product.** All documents, reports, records, field notes, materials, and data of any kind resulting from performance of this Contract are at all times the property of City.

7.16. **Notice and Approval of Proposed Sale or Transfer of Consultant.** Consultant shall provide City with the earliest possible advance notice of

any proposed sale or transfer or any proposed merger or consolidation of the assets of Consultant. Such notice shall be provided in accordance with the notice provision of this Contract. If City determines that the proposed merger, consolidation, sale or transfer of assets is not consistent with the continued satisfactory performance of Consultant's obligations under this Contract, then City may, at its option, terminate or renegotiate the Contract.

**7.17. Liaison and Notice** City and Consultant's designated representatives are as follows:

**7.17(a).** City's designated representative is Scott Stevenson, Facilities Maintenance Manager, telephone number: (307) 721-3585, cellular telephone (307) 760-6627, facsimile: (307) 721-5284 and e-mail: sstevenson@cityoflaramie.org.

**7.17(b).** Consultant's project representative is Tim Jager, telephone number (307) 672-8270 and e-mail: tim@dbarchitectsllc.com.

**7.17(c).** All notices and invoices required in this Contract shall be in writing, properly addressed to the liaison above, and mailed first-class, postage prepaid. All notices sent via U.S. Postal Services are deemed effective on the date of the postmark. Notices and invoices mailed through another carrier (e.g., UPS or FedEx) are effective upon receipt.

**7.18. Sovereign Immunity.** The City does not waive sovereign immunity by entering into this Contract and specifically retain immunity and all defenses available to them as sovereigns pursuant to Wyo. Stat. § 1-39-104(a) and all other state law.

**7.19. Taxes.** The Consultant shall pay all taxes and other such amounts required by federal, state and local law, including but not limited to federal and social security taxes, workers' compensation, unemployment insurance and sales taxes.

**7.20. Termination of Contract.** This Contract may be terminated, for reasons of "non-performance" by either party in accordance with the terms of this contract upon thirty (30) days written notice except as provided in Paragraph . This Contract may be terminated immediately for cause if the Consultant fails to perform in accordance with the terms of this Contract. Consultant may, in its sole discretion, temporarily suspend upon written notice this agreement due to the City's breach of contract. In the event of circumstances presenting a safety hazard to the riding public or consultant's technicians (including, but not limited to, City's act of creating or allowing unsafe practices or conditions or failure to authorize necessary repairs or upgrades), contractor may immediately terminate this agreement in its entirety upon written notice.

7.21. **Insurance.** The Consultant shall maintain the following insurance:

7.21 (a). **Commercial General Liability Insurance.** The Consultant shall maintain coverage, during the entire term of the contract, against claims arising out of bodily injury, death, damage to or destruction of the property of others, including loss of use thereof, and including underground, collapse and explosion (XCU) and products and completed operations, and in an amount not less than Five Hundred Thousand Dollars (\$500,000.00) per occurrence and One Million Dollars (\$1,000,000.00) general aggregate.

7.21 (b). **Workers Compensation or Employers Liability Insurance.** Consultant shall provide proof of workers compensation coverage, for all its employees who are to work on the projects described in this Contract. Consultant's coverage shall be under the Wyoming Workers Safety and Compensation program, if statutorily required or such other workers compensation insurance as appropriate. Consultant's insurance shall include A Stop Gap coverage in an amount not less than Five Hundred Thousand Dollars (\$500,000.00) per employee for each accident and disease. Consultant shall also supply proof of workers' compensation and employer's liability insurance on each and every sub consultant before allowing that sub consultant on the job site.

7.21 (c). **Business Automobile Liability.** Consultant shall maintain, during the entire term of the contract, automobile liability insurance in an amount not less than five hundred thousand dollars (\$500,000.00) per occurrence.

7.21 (d). **Coverage.** All policies required under this Contract shall be in effect for the duration of this Contract and projects. All policies shall be primary and not contributory. Consultant shall pay the premiums on all insurance policies and insurance certificates must include a clause stating that the insurance may not be revoked, cancelled, amended or allowed to lapse until the expiration of at least thirty (30) days advance written notice to City.

7.21 (e). **Professional Liability or Errors and Omissions Liability Insurance.** Consultant shall provide proof of professional liability insurance or errors and omissions liability insurance to protect the City from any and all claims arising from Consultant's alleged or real professional errors, omissions or mistakes in the performance of professional duties by Consultant in an amount of not less than one million dollars (\$1,000,000.00).

7.21 (f). **City's Right to Reject.** The City reserves the right to reject a certificate of insurance if Consultant's insurance company is widely regarded in the insurance industry as financially unstable. This would include but is not limited to insurance companies with no less than AVIII rating in the A.M. Best insurance rating guide.

7.21 (g). **Sub consultants.** The insurance requirements set forth above apply to all sub consultants. It is Consultant's responsibility to ensure that its sub consultants meet these insurance requirements. City has the right to review the Certificates of any and all sub consultants used by the Consultant.

7.21 (h). **Cancellation.** There shall be no cancellation, material change, potential exhaustion of aggregate limits or intent to not renew insurance coverage without thirty (30) days written notice from Consultant or their insurers to City. Any failure to comply with the reporting provision of this insurance, except for the potential exhaustion of aggregate limits, shall not affect the coverage provided to City and its division, officers and employees.

7.22. **Third Party Beneficiary Rights.** The parties do not intend to create in any other individual or entity the status of third party beneficiary, and this Contract shall not be construed so as to create such status. The rights, duties and obligations contained in this Contract shall operate only between the parties to this Contract, and shall inure solely to the benefit of the parties to this Contract. The provisions of the Contract are intended only to assist the parties in determining and performing their obligations under this Contract. The parties to this Contract intend and expressly agree that only parties signatory to this Contract shall have any legal or equitable right to seek to enforce this Contract, to seek any remedy arising out of a party's performance or failure to perform any term or condition of this Contract, or to bring an action for the breach of this Contract.

7.23 **Warranty.** Consultant warrants the following:

7.23 (a). has the ability to perform the agreed services;

7.23(b). shall provide suitable resources to perform work in accordance with agreed services;

7.23 (c) will endeavor to provide the services herein on a timely basis consistent with the difficulty and scope of services to be provided; and

7.23 (d). shall perform services in a manner consistent with the degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar circumstances.

7.24. **Time is of the Essence.** Time is of the essence in all provisions of the Contract.

7.25. **Titles Not Controlling.** Titles of paragraphs are for reference only, and shall not be used to construe the language in this Contract.

7.26. **Waiver.** The waiver of any breach of any term or condition in this Contract shall not be deemed a waiver of any prior or subsequent breach.

7.27. **Limitation of payments.** City's obligation to pay the consultant for services rendered pursuant to this Contract is conditioned upon the availability of City's funds which are allocated to pay Consultant. If funds are not allocated and available to pay Consultant for these services, City may terminate this Contract at the end of the period for which the funds are available.

City shall notify Consultant at the earliest possible time if this Contract will or may be affected by a shortage of funds. No liability shall accrue to City in the event this provision is exercised, and the City shall not be obligated or liable for any future payments due or for any damages as a result of termination under this section. This provision shall not be construed so as to permit City to terminate this contract in order to acquire similar services from another party. The Consultant shall be paid for all services provided and expenses incurred prior to receipt of any such notification that City was terminating the Contract because of a shortage of funds.

8. **City Policies.** The Consultant acknowledges familiarity with the City Policies as applicable to this contract and listed below:

a. The City of Laramie seeks to integrate energy efficiency practices into all aspects of day-to-day operations, from capital construction to staff behaviors, to ensure economic and environmental sustainability. The City encourages bidder submissions that 1) enhance to efficiency of City projects and ongoing operations, and/or 2) consider all energy types, including traditional and renewable sources.

b. Preference is hereby given to materials, supplies, equipment, machinery and provisions produced, manufactured, supplied or grown in Wyoming, quality being equal to articles offered by competitors outside the State, as provided in W. S. §§ 16-6-101 through 16-6-119.

**INTENTIONALLY LEFT BLANK**

IN WITNESS WHEREOF, the Laramie City Council has caused this Agreement to be signed and executed in its behalf by its Mayor, and duly attested by its City Clerk, and Contractor has signed and executed this Agreement, the day and year first written above.

RE: PROPOSED DESIGN FEES for LARAMIE CITY HALL ANNEX ROOF and  
CORNICE PROJECT

Dear Mr. Stevenson,

Thank you for the opportunity to assist you and the City of Laramie with the referenced project. As indicated in our proposal, our firm has done dozens of reroof projects with great success.

Per your request, our proposed fees for the work described in the fee proposal and at the pre-proposal meeting are included in this letter. Please note that we propose to provide our services on an hourly not-to-exceed basis. There are several reasons for this suggestion, the foremost being that the City of Laramie will only pay for the actual services that you receive. In any remodel or restoration project, there are always some unknowns, so we are obliged to make sure that we have adequate fee in place to cover possible unforeseen conditions. This coupled with the fact that we have on-going work in Laramie at the University of Wyoming, allows us to split our costs between projects as we travel to and from Laramie, thus reducing hours and reimbursables charged to this project if the timing is right. Finally, we have included the services of a structural engineer in our proposal. If those services are not required, then we will not use that portion of the fee.

Again, based on the above information it seems prudent to us to approach the project on an hourly not-to-exceed basis.

**Title:** Resolution 2016-77 supporting the submission of an application to the Wyoming Department of State Parks & Cultural Resources for a 2017 Land & Water Conservation Fund Grant in an amount not to exceed \$100,000 to support Phase IV improvements to Scout Park.

**Recommended Council MOTION:**

I move that council approve Resolution 2016-77 submitting the submission of an application to the Wyoming Department of State Parks & Cultural Resources for a 2017 Land & Water Conservation Fund Grant in an amount not to exceed \$100,000 for Phase IV improvements for the Scout Park Development Project and Authorize the Mayor and Clerk to sign.

---

**Administrative or Policy Goal:**

*Council Objective:* Preserve Park Land, Open Space, and Public Trails for Future Generations.

*P&R Master Plan:* Service Area 6 recommends the development of additional amenities in Service Area 6.

*Department Objectives:* Provide quality parks and recreation opportunities for residents and visitors to the City, Develop infrastructure to enhance existing parks and recreation facilities and amenities for residents and visitors to the City.

---

**Background:**

In December 2015, Council passed Resolution 2015-91 authorizing the submittal of an application for a Land & Water Conservation Fund application to the Wyoming Department of State Parks & Cultural Resources in the amount of \$125,000 to support Phase III of the Scout Park Development. The application was subsequently submitted and included a request for an in-park pathway, playgrounds suitable for 2-5 year olds and 5-12 year olds.

This request has been tentatively approved by the Wyoming Department of State Parks & Cultural Resources awarded in the amount of \$125,000, pending a final appropriation by the Department of Interior’s National Parks Service. As full approval and, subsequently, a full executed grant contract is still pending this project has not yet been bid.

Through the 2017 application, staff proposes to apply for an additional \$100,000 which will be used to fund portions of the third phase that include a restroom, natural play area and additional shared use pathways.

**Title: To authorize an application to the Federal Emergency Management Agency (FEMA) – Assistance to Firefighters Grant Program (AFG) in an amount not to exceed \$25,000.00.**

**Recommended Council MOTION:**

“that Council approves Resolution NO. 2016 – 78 authorizing the submission of an Assistance to Firefighter Grant to FEMA on behalf of the Governing Body of the City of Laramie, Wyoming for the purpose of purchasing fire fighter self-rescue safety equipment in an amount not to exceed \$25,000.00; and authorize the Mayor and City Clerk to sign; and to amend the 2016 – 2017 fiscal year budget.”

---

**Administrative or Policy Goal:**

Firefighter Safety

---

**Background:**

The Laramie Fire Department is seeking funds to upgrade firefighter safety self-rescue equipment to a faster, safer evacuation system. The proposed safety equipment would be integrated with the air packs (SCBA's) that firefighters wear. The safety equipment would include a storage bag, rope, anchor hook, carabiner, and descent device. The storage bag would connect to the waist band of the air pack. The rope will be heat resistant and all hardware is attached to it and stored in the bag. This self-rescue setup will give our firefighters a faster option to evacuate themselves from a life threatening situation. A firefighter has very limited time once conditions are created that requires evacuation. In that amount of time – the firefighter must locate a window, clear the glass and frame, establish and anchor, and then evacuate the building. The proposed equipment will utilize a window frame as an anchor which can be hooked – eliminating the need to search for or create a suitable anchor. The descent device will lower a firefighter safely to the ground from elevated stories of buildings. At last count, Laramie has over 120 buildings having 2.5 or more stories. The potential for needing this equipment in an emergency is evident. The equipment being integrated with our SCBA's will ensure that the evacuation system is available for emergency use if needed 100% of the time in life threatening situations.

**CITY OF LARAMIE COUNCIL REGULAR MEETING      December 6, 2016**

**Agenda Item: Resolution**

**Title:** Consideration to dissolve the Crime Victim / Witness Joint Powers Board.

**Recommended Council MOTION:**

I move that Council dissolve the Crime Victim / Witness Joint Powers Board.

---

**Background:**

In the early 1990s the City and County cooperated in forming a Crime Victim Witness (CVW) program. The purpose of a CVW program is to provide services to the victims of crime. These services include working with the Court of jurisdiction on ordering restitution when applicable, assisting the victim of a crime for when court hearings are scheduled, and what will happen with their case. Additionally, the CVW program helps schedule witnesses, assists them in how to testify. The services the CVW program provides are statutorily mandated and there is funding from the Wyoming Department of Victim Services that support the majority of program services.

The program was initially housed by the City, with primary funding coming from the Victims of Crime Act (VOCA). The County supported the program through their outside agency funding program. In 2000 a decision was made to place the CVW program under the direction of a legislatively allowed Joint Powers Board. VOCA funding continued to support the majority of the program and the City and County provided outside agency funding. The City also committed to providing IT support for connectivity to needed software programs (CAD/RMS, email, and internet). The Joint Powers Board included the Chief of Police, Sheriff, County Attorney, UW Police Chief, and SAFE Executive Director.

In early 2015, when the new County Attorney was elected, the JPB started to have conversations about how the CVW program could be more effective. All of the JPB members agreed that a more effective structure would be to house the program under the County Attorney's Office, which would provide direct oversight of the personnel while still providing CVW services to the Municipal, Circuit, and District Courts. During the last year, the transition has taken place, and on 1 July 2016 the CWV employees will become County employees who work for the County Attorney. The Wyoming Division of Victim Services is supportive of this shift in structure. The VOCA grant for the FY17/18 biennium was written by the County Grant Office and the JPB was notified in April that the grant was awarded. As specified in the MOU that Council approved in June 2016, the City will continue to financially support the program at the same approximate level as it has over the past decade through the Community Partners Program, for services provided in the Municipal Court. Since the County Attorney is now overseeing the program there is no reason for the JPB to exist.

**Resolution 2016-21**

**A RESOLUTION AUTHORIZING THE DISSOLUTION OF THE CV/W JOINT POWER BOARD AND TERMINATION OF THE JOINT POWERS AGREEMENT RELATING THERETO**

**WHEREAS**, the Board of County Commissioners for Albany County, Wyoming (County) entered into a Joint Powers Agreement dated October 7, 1997 (Agreement) with the City of Laramie, Wyoming (City) (the County and together with the City hereinafter referred to as Participating Agencies) and pursuant to the provisions of the Wyoming Joint Powers Act, Wyo. Stat. § 16-1-102 et. seq. created the CV/W Joint Powers Board (Joint Powers Board).

**WHEREAS**, the Agreement outlined the terms and conditions of the operation and funding of the Joint Powers Board to provide for crime victim/witness services within Albany County using primarily federal government VOCA funds that were awarded to the Board.

**WHEREAS**, in May 2000, the Albany County Crime Victim-Witness Program, a non-profit organization, was formed which received cash and in-kind donations to the organization until 2015; however, it does not appear that a non-profit corporation was organized under the State of Wyoming for this organization. The sole existence of the non-profit organization, Albany County Crime Victim Witness Program was to provide services to the Joint Power Board for victim/witness services in Albany County. All of the donations and federal grant funds received to the non-profit organization, Albany County Crime Victim Witness Program, were donated and used by the Joint Powers Board for victim witness services under the Agreement but funds were held in the banking account of Albany County Crime Witness Program and the chairperson of the Joint Power Board.

**WHEREAS**, in January 2015, the CAO contracted with the Joint Power Board to provide victim/witness services to the County through July 1, 2016.

**WHEREAS**, in 2016, the County by and through the Albany County Attorney's Office made a grant application to the Wyoming Attorney General's Office, Division of Victim Services and on or about July 1, 2016, the County received state and federal government funding under the Violence Against Women Act, Victims of Crime Act and Family Violence Prevention and Services Act to provide services to victims of crime within the County and City

**WHEREAS**, pursuant to Wyo. Stat. § 1-40-201 through Wyo. Stat. §1-40-210, the County by and through the CAO entered a Memorandum of Understanding with the City on or about June 21, 2016 and effective July 1, 2016 for the CAO to provide services to victims/witnesses charged in City Municipal Court and prosecuted by the City Prosecutor.

**WHEREAS**, the Agreement provides that the Agreement may be terminated upon thirty days' notice to the other party or one party terminates the Agreement.

**WHEREAS**, the members of the Joint Powers Board met on September 16, 2016, and voted to terminate the Agreement and dissolve the Joint Powers Board due to there is a no longer a need for the Joint Powers Board to exist due to the victim/witness services being provided by the CAO to the City and County.

**WHEREAS**, there are remaining funds in the amount of \$19,641.50 held by the non-profit organization of Albany County Crime Victim-Witness Program for the Joint Power Board.

**WHEREAS**, the Agreement provides that any remaining assets of the Joint Power Board upon the dissolution of the Joint Powers Board shall be distributed to the parties as their interest then appear. Since the remaining funds were donations to the Joint Power Board, the Joint Power Board voted for the remaining funds to be held by the County for the funding of the construction of an interview room for the forensic interviewing of child witnesses and victims at the Laramie Police Department headquarters and for the purchase of recording equipment. The County secured federal government funding for the County to contract for a non-profit organization to conduct forensic interviewing of children in Albany County at such location and for the training of staff and development of protocols for the creation of a child advocacy center in Albany County.

**WHEREAS**, the grant agreement between the Joint Powers Board and the Wyoming Attorney General's Office, Division of Victim Services for fiscal year 2015 to 2016 has expired and all grant requirements including performance reports have been finalized as of October 2016.

**WHEREAS**, the Joint Powers Board has not issued bonds or incurred any financial obligations and there are no contractual impediments to dissolving the Joint Powers Board.

**WHEREAS**, the Participating Agencies desire to dissolve the Joint Power Board and to terminate the Agreement relating thereto.

**NOW, THEREFORE, THE BOARD OF THE COUNTY OF ALBANY, WYOMING RESOLVES:**

**Section 1.** That the foregoing recitals are incorporated in and made a part of this resolution by this reference.

**Section 2.** That, there is no longer a need for the CV/W Joint Powers Board to exist due to the victim/witness services being provided by the CAO to the City and County and the County is receiving state and federal government funding under the Violence Against Women Act, Victims of Crime Act and Family Violence Prevention and Services Act to provide services to victims of crime within the County and City

**Section 3.** That the CV/W Joint Power Board has paid all known debts and liabilities.

**Agenda Item:** Orig. Ordinance – 3rd and Final Reading

**Title:** Original Ordinance No. 1966, amending Section 5.09.355(C) of the Laramie Municipal Code Catering Permits for Special Events.

**Recommended Council MOTION:**

Move to approve Original Ordinance No. 1966, amending Section 5.09.355(C) of the Laramie Municipal Code Catering Permits for Special Events on Third and Final Reading and authorize the Mayor and Clerk to sign.

**Administrative or Policy Goal:**

Align Laramie Municipal Code with State Statute.

**Background:**

W.S. 12-4-502(c) states: “The permits authorized by this section shall be issued for one (1) twenty-four (24) hour period, subject to the schedule of operating hours provided by W.S. 12-5-101. No person or organization shall receive more than a total of twelve (12) malt beverage and thirty-six (36) catering permits for sales at the same premises in any one (1) year, except that this limitation shall not be applicable to malt beverage permits issued for sales at any fair, rodeo, pari-mutuel event or other similar public event conducted by a public entity upon public premises, or to catering permits for events at the facilities of the University of Wyoming in Laramie, including the Marian H. Rochelle Gateway Center.”

However, LMC 5.09.355(C) currently states: “No person or organization shall receive more than a total of twenty-four catering permits for special events for sales at the same premise in any one calendar year.” It is the desire of staff to amend Laramie Municipal Code to match State Statute. This change will allow Retail and Resort Liquor License holders with the City of Laramie to obtain more Alcohol Catering Special Event Permits at a single location within a calendar year. The change will also remove the limit completely from all University of Wyoming facilities.

Re: Unit 356 3.3 Cubic Yard Loader with Trade In

Bids were received and opened on November 1, 2016, for the delivery of one 3.3 Cubic Yard Loader (Unit 356) with Trade-In for the Public Works Department, Utilities Division (Wastewater Treatment). One Loader was listed as a trade-in item. The bids were as follows:

<b>Vendor</b>	<b>Base Bid</b>	<b>Trade-in</b>	<b>Total Bid</b>
Honnen Equipment Mills, WY	\$226,028.92	\$51,000.00	\$174,528.92
Power Motive Corp, Cheyenne, WY	NO BID		
Titan Machinery, Windsor, CO	\$205,000.92	\$45,000.00	\$160,000.00
Tri-State Truck & Equipment, Casper, CO	\$178,214.00	\$35,000.00	\$143,214.00
Wyoming Machinery, Casper, WY	\$170,513.00	\$65,000.00	\$105,513.00

The Honnen Equipment bid has a delivery date of 90 days from receipt of the Notice of Award. This unit has a height of 10 ft. 11 in. The DEF tank is 5 gallons. Add-Alternates 1 and 2 were included with the base bid.

The Titan Machinery bid has a delivery date of 90 days from the Notice of Award. This unit has a height of 11 ft. 1 in. This unit has a horsepower rating of 179, and the batteries have a capacity of 950 cold cranking amps. The door window is a pop out, and Add-Alternates 1 and 2 are included in the base bid.

The Tri-State Truck and Equipment unit has a delivery date of 135 days from Notice of Award. This unit has height of 10 ft. 9 in, and the front axle is manual locking. Cost for Add-Alternate No. 1 (diagnostics) is \$3,750, and Add-Alternate No. 2 (snow plow) is \$14,921.

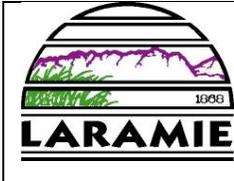

The Wyoming Machinery bid has a delivery date of 9 weeks from Notice of Award. This unit has a height of 10 ft. 11 in. The front axle is operator activated locking on the fly. Add-Alternate No. 1 (diagnostics) 1 additional year to Caterpillar subscription, Add-Alternate No. 2 (snow plow) \$20,500. Additional options were included in the bid as follows; Cab Upgrade \$1,227, Seat Upgrade \$1,200, Auto Lube System \$3,665, Back- Up Camera \$596 and Reversing Fan \$1,510.

I am recommending the City accept the Wyoming Machinery bid for \$130,546.00. This is their base bid of \$105,513.00 plus \$20,500.00 for a snow plow blade, \$1,227.00 for a cab upgrade (required for the backup camera), \$1,200.00 a seat upgrade, \$596 for a back-up camera, and \$1,510.00 for a reversing engine cooling fan.

The trade-in unit has an original purchase price of \$244,181.00 and has a life to date cost of \$5,778.24 for parts and labor.

The FY 17-18 Public Works, Water Fund Budget includes \$249,449.00 in funding for the purchase of this loader.

Please contact me if you have any questions regarding this bid.

**Agenda Item:** Resolution

**Title:** Resolution 2016-80, amending the Parks & Recreation Department Master Fee Schedule as presented.

**Recommended Council MOTION:**

I move that Council approve Resolution 2016-80 amending the Parks and Recreation Master Fee Schedule as presented and authorize the Mayor and Clerk to sign.

---

**Administrative or Policy Goal:**

*Department Goal:* Maintain an up to date fee structure that supports Recreation programming at a reasonable cost recovery level.

---

**Background:**

In April, 2016 the Laramie City Council as part of a typical annual review adopted a Master Fee Schedule adjustment as recommended by the Parks, Tree and Recreation Advisory Board. The revisions presented are the result of this year's review and represent some significant changes that were contemplated during the last revision, but not recommended at that time.

During the intervening time, staff have reviewed membership structure and fees for other similar facilities in our community and region. Additionally, staff consulted with Ballard King and Associates, who assisted in developing the original fee structure in order to develop a sustainable revenue structure. This year, some important revisions are being presented including the following:

1. Non-Resident rates are being deleted in all categories. This has historically represented less than 1% of our visitors and generates minimal additional revenue, and will be dropped in order to streamline fees.
2. Eliminate the Outdoor Pool Rates and revise the manner in which visitors are charged to align with the Indoor Pools. This again will streamline our fees and improve consistency in our facilities.
3. Increase membership fees between 7-13% to adjust for increased overhead. The increase is calculated against the existing base rate.
4. The "Convenience Billing Fee" is being eliminated in order to incentivize monthly payments and enable people to more easily maintain a continuous membership.
5. Annual Memberships will become "non-expiring" and will require cancellation for members who do not pay in full. Once the initial commitment is met, the membership and associated billing will continue and the member may cancel at any time after the first twelve months.
6. The Six Month Membership option is eliminated in favor of the Month to Month option. This option requires an initiation fee of \$25, and first and last month membership to start. The minimum requirement is two months, but the membership will continue until cancelled if paid through monthly payments.
7. Include Core Fitness Classes as a member benefit, similar to other facility activities such as Pumpkin Dunkin' or Pickleball.
8. Modify the charges for events that charge admissions at the Ice & Event Center to be a flat 15% in addition to rental fees for both ice and non-ice seasons.

**CITY OF LARAMIE COUNCIL REGULAR MEETING      December 6, 2016**

**Agenda Item: Original Ordinance - 2nd Reading**

**Title: Original Ordinance No. 1957 amending Chapters 13.40 and 13.44 of the Laramie Municipal Code to regulate water rates in the City of Laramie**

**Recommended Council MOTION:**

“I move to approve Second Reading of Original Ordinance No. 1957 amending Chapters 13.40 and 13.44 of the Laramie Municipal Code to regulate water rates in the City of Laramie.”

---

**Administrative or Policy Goal:**

**Administrative Goal:** Maintain City-wide Infrastructure Improvement Program as adopted in the 2015 Water Master Plan and long range financial plans for water, sewer, and storm drainage.

---

**Background:**

Consistent with our objective of managing a sustainable water system while offering reasonable cost of service rates, the City retained the firm of Raftelis Financial Consultants (RFC) to develop recommended water rates for 2017 and 2018. In developing rate recommendations, RFC considered a number of factors including the City’s long range financial plans and the cost of service. Based upon an extensive analysis of these considerations the recommended water revenue adjustment for 2017 and 2018 is 2.5% per year.

RFC developed cost of service rates that proportionately recover cost of service from each customer class. The proposed cost of service rate retains the existing rate structure. RFC also developed transitional water rates that phase-in cost of service rates over time and increase water sales revenue by the amounts calculated in the financial plan.

To help show the effect of the proposed rate change, the Ordinance provides a comparison of existing rates and proposed (2017) rates. The proposed rate results in a \$1.03/month increase in the average residential water bill (based upon 5,000 gallon consumption).

RFC recommends the City adopt the proposed 2017 and 2018 transition water rates. RFC also recommends the City annually update the cost of service analysis and cost of service rates for subsequent years and adjust future transition rates as necessary to recognize changes in cost of service.

The attached ordinance also deletes Section 13.40.010 B. of the municipal code since it is obsolete language and in conflict with the existing water rate structure.

**Legal/Statutory Authority:**

Laramie City Council has legal authority to modify water rates.

ENROLLED ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE AMENDING SECTION 13.40 AND SECTION 13.44 OF THE LARAMIE  
MUNICIPAL CODE WHICH ESTABLISHES  
THE WATER RATES FOR USERS OF MUNICIPAL WATER

WHEREAS, the City delivers high quality drinking water to a large customer base throughout a vast service area; and,

WHEREAS, the cost of that service has been increasing, especially taking into account the necessity of replacement of the aging water supply system in the City; and,

WHEREAS, the City is mandated by the State to establish a rate structure that insures the water utility enterprise is self-sustaining and not supported by the general fund, having the users of the water utility enterprise pay the expenses of that fund; and,

WHEREAS, the City has retained a professional group, Raftelis Financial Consultants (RFC), to study the water rate structure and report its findings, together with a recommendation for changes to address the future needs of the City with the demands of the water supply system and a rate structure to support those demands; and,

WHEREAS, that study has been completed and the results of the study, together with the recommendation by the consultants, having been presented to Council, and Council having fully considered the study and the recommendations; and,

WHEREAS, the Council finds that it is in the best interest of the City to amend the water rates to reflect the current cost of service to become effective on January 1, 2017; and,

WHEREAS, the Council finds that all of the specified increases are necessary to address the demands of the water supply system over the entire specified period of time;

WHEREAS, the Council finds that Section 13.40 (B) is obsolete and needs removed as services provided by Enterprise are paid for by City and University under contract.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LARAMIE, WYOMING the following sections of Chapter 13.40 and 13.44 be, and the same hereby are, amended to read as follows:

**Section 1. Section 13.40.010 Establishment - Purpose.**

B. Deleted in its entirety.

**Section 2. Section 13.44.010 Rate Schedules.**

A. The charges for water service within the corporate boundaries of the City shall be based upon the size of the meter through which the water flows to provide service to the customer, together with a charge for the consumption of water provided.

1. There shall be a base charge per month for each meter of the following respective amounts:

ORIGINAL ORDINANCE NO. 1958

INTRODUCED BY: Hanson

ENROLLED ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE AMENDING SECTION 13.48 OF THE LARAMIE MUNICIPAL CODE  
WHICH ESTABLISHES  
THE WASTEWATER RATES FOR USERS OF MUNICIPAL WATER.

WHEREAS, the City has been furnishing water to various customers in ever increasing numbers for a large number of years and the means of disposing of that water through the wastewater system; and,

WHEREAS, the cost of that disposal and treatment has been increasing, especially taking into account the necessity of replacement of the aging wastewater disposal system in the City; and,

WHEREAS, the City is mandated by the State to establish a rate structure that insures the wastewater disposal and treatment enterprise account is self sustaining and not supported by the general fund, having the users of the enterprise account pay the expenses of that account; and,

WHEREAS, the City has retained a professional group, Raftelis Financial Consultants, to study the wastewater rate structure and report its findings, together with a recommendation for changes to address the future needs of the City with the demands of the wastewater disposal and treatment system and recommend a rate structure to support those demands; and,

WHEREAS, that study has been completed and the results of the study, together with the recommendation by the consultants, having been presented to Council, and Council having fully considered the study and the recommendations; and,

WHEREAS, the Council finds that it is in the best interest of the City to amend the wastewater rates to reflect the current cost of service to become effective on January 1, 2017; and,

WHEREAS, the Council finds that all of the specified increases are necessary to address the demands of the wastewater disposal system over the entire specified period of time;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LARAMIE, WYOMING that the following sections of Chapter 13.48 be, and the same hereby are, amended as follows:

**Section 1. Section 13.48.010 Rate Schedules.**

A. The user rates are hereby established to be charged as follows:

1. Base rate – The monthly base charge for residential and nonresidential users shall be in accordance with the following table:

<u>Meter Size</u> <i>(inches)</i>	<u>Current</u> <u>2016</u>	<u>January 1,</u> <u>2017</u>	<u>January 1,</u> <u>2018</u>

8	<del>451.54</del>	451.54	451.54

2. Volume rate – The volume flow for residential users will be the average monthly water usage in units (one unit = one-thousand gallons) for January, February and March of the previous year as measured by water meter readings. The volume of flow for nonresidential users will be the water usage measured by water meter readings. In the event valid meter readings are not available, Section 13.44.030 shall be applied to determine the volume of flow. The volume rate per unit for residential, commercial, university, and wholesale users shall be in accordance with the following table.

**Title: Consideration to enter into negotiation with Tri-State Generation and Transmission Association for placement of a power substation on 5 acres located on the Monolith Ranch**

**Recommended Council MOTION:**

Motion #1: I move to open discussion regarding consideration of negotiation with Tri-State Generation and Transmission Association for placement of a power substation on 5 acres located on the Monolith Ranch.

Following discussion, Council may want to consider the following Motion:

Motion #2: I move to direct staff to negotiate an easement with Tri-State Generation and Transmission Association for placement of a power substation on 5 acres located on the Monolith Ranch.

---

**Administrative or Policy Goal:**

Management of the Monolith Ranch using best practices and consideration of public benefit.

---

**Background:**

Tri-State Generation and Transmission Association has identified 5 acres located on the Monolith Ranch as a suitable location for a power substation. Carbon Power & Light, electric provider to the ranch as well as other customers in the area, is a member of Tri-State Generation. The purpose of this substation is to improve reliability to customers as well as redundancy in their system. Rocky Mountain Power customers in the area will also benefit from this substation. More details are included on the hand out from Carbon Power & Light.

Tri-State and Carbon Power & Light presented this information to the Monolith Ranch Committee on October 13, 2016 and November 17, 2016. The Committee was thorough and thoughtful in their discussion and with questions about the project. The November 17, 2016 minutes are included for review.

Tri-State's preference is to own the property, but is open to consideration of other options. With that noted, the Ranch Committee has provided a recommendation to Council that negotiation of an easement is the preferred alternative for the requested siting of the power substation.

Representatives from Tri-State will be at the meeting to make a brief presentation and answer questions.

**V. OLD BUSINESS**

**A. Tri-State Generation's proposal to put an electrical substation on 5 acres of the Monolith Ranch – discussion and recommendation to City Council**

Questions and discussion posed to Tri-State Generation and Carbon Power representatives:

**Favret:** Is the net metering service policy determined by State regulations or is that something individual power companies can implement?

*Answer: The 25kw maximum capacity is set by State law. Above that would get into co-generation. Carbon Power is open to co-generation.*

**Favret:** What are your alternatives if this proposal doesn't go through?

*Answer: Tri-State would keep looking for other properties, but this is the most beneficial to their needs.*

**Rechard:** Would Tri-State be open to a long-term lease rather than purchase?

*Answer: Yes. Or a purchase with a deed restriction, so if the substation were ever taken out, the property would revert back to the City. An exclusive easement is also an option.*

**Rittle:** Is the committee to determine the sale versus lease, or what kind of recommendation is the committee expected to make?

*Answer (Derragon): The committee should recommend whether to proceed with a sale or lease and the details to be negotiated between Council and Tri-State.*

**VanZee:** Is there any long term plan that would eventually eliminate the substation or is this a permanent fixture?

*Answer: It is permanent.*

**Nagler:** The land has potential for wind generation. Would the substation affect this in any way?

*Answer: There are more facilities available to interconnect. Monitoring of how much is generated would be done.*

**VanZee:** What's the feasibility of wind generation out there?

*Answer (Lytle): It is considered Class 4. Directionality is fairly good.*

*(Rittle): It would depend on the developer and how much they want to pursue it.*

**Parkin:** The City has been contacted by a solar company regarding establishing a solar farm within City limits. If this substation goes in, they will most likely evaluate this site for solar panels.

**Favret:** What's the time frame for the substation and additional lines?

*Answer: As soon as construction of the substation commences they would begin the design and staking of the distribution line.*

**Favret:** What is the environmental impact?

*Answer: There would be a fence around the substation and another fence around the 5 acres. We don't allow vegetation to grow around the station. Reclamation is done outside the yard and weeds are addressed. Re-seeding is done. There is also containment of oil should it leak.*

**Rittle:** It should be noted to Council when entering into this agreement it is the committee's wish to protect the City's interest in the management of the Ranch and to protect the land.

**MOTION BY Rittle**, seconded by Rechard, that the committee recommend to Council to enter into negotiation regarding an agreement with Tri-State Generation to put a substation on the property with the committee's preference to an easement.

**Roll call showed Aye:** Rittle, Nagler, Favret, Rechard. **Nay:** None. **Absent:** Pearce

## Carbon Power & Light

### Monolith Delivery Point

The primary purpose and need for the Monolith Delivery Point is to provide a delivery source to Tri-States Member Owner Carbon Power & Light (CP&L) for their southern service area. As shown in the diagram, CP&L has only one Delivery Point (DP) in the area at May which is not sufficient to provide service south of Laramie to the Colorado border. In addition, the Monolith DP provides a much needed second source to provide reliability to CP&L customers. Unlike PacifiCorp customers, CP&L cannot transfer load under contingencies for maintenance and outages at May. The Monolith DP will provide a second source into the Laramie area for improved reliability to the Members customers.

Advantages to PacifiCorp (Rocky Mountain Power) customers of the Monolith Project.

There are two major benefits to RMP customers of the Monolith DP both of which improve reliability. The first benefit involves current limitations on the 115 kV transmission line between

Miracle Mile and Snowy Range which is owned and operated by Western Area Power Administration (WAPA). For operating contingencies between Laramie and Snowy Range, the transmission voltage falls below system criteria resulting in low voltage conditions for both RMP and CP&L customers. The Monolith DP will transfer load from the Miracle Mile-Snowy Range 115 kV line to the RMP Gem City-Ft. Sanders 115 kV line alleviating the voltage condition.

The second benefit involves a near future project that is currently being developed between RMP, Tri-State, and WAPA. Currently, the Gem City-Ft. Sanders 115 kV line is sourced from WAPA's 50 mile Happy Jack-Snowy Range 115 kV line. Interruptions that occur on this line directly impact the customers sourced on the RMP Gem City-Ft. Sanders 115 kV line.

The proposed project will construct a 115 kV line from WAPA's Snowy Range Substation to the RMP's Gem City Tap and disconnect from WAPA's Happy Jack-Snowy Range 115 kV line. Upon completion of this line, the outage exposure will be reduced to all customers on the Gem City-Ft. Sanders 115 kV line by sourcing the 8 mile line from Snowy Range.
