## Laramie River Restoration Project

Over the summers of 2009-2011 Laramie Rivers Conservation District led the community in a large river restoration project along the Laramie River Greenbelt. The restoration added stability and diversity to the river system through the use of wood, rocks and vegetation.

Large root wads were used along the stream banks to combat erosion and provide habitat for fish. These can be seen in the river along the trail.

## Enjoy Laramie's Urban Wilderness!

**WELCOME to the Greenbelt Trail System!**  
 This 6 mile paved trail along the Laramie River provides many recreation opportunities in a variety of river and wetland ecosystems. Fed mostly from snowmelt from the Medicine Bow Mountains, the sparkling waters provide habitat for many species of animals, birds, fish and insects. As you enjoy the trail, keep an eye out for deer, beaver, chorus frogs, herons, red-winged blackbirds, hawks, brown trout, minnows, dragonflies and butterflies. Information signs along the trail will help you identify the wildlife in the area.

~ Fishing is allowed along the Greenbelt Trail. A fishing license is required and can be obtained at several places in Laramie. For more information call Wyoming Game & Fish at: 307-745-4046.

~ If fishing within the blue shaded area, a State Park daily use permit is required. These can be purchased at Wyoming Territorial Prison State Historic Site. For more information call 307-745-6161.
